

# Scientific Program

**Wednesday, November 16**

## Hall A+B

**14:00-15:00 Special Lecture 1**

SL1 Recent Progress in iPS Cell Research and Application .....50  
**Shinya Yamanaka** (Center for iPS Cell Research and Application, Kyoto University, Japan)

**15:00-16:00 Special Lecture 2**

SL2 Japan in the Age of Globalization .....50  
**Tatsuo Arima** (Middle East Institute of Japan, Japan)

**16:00-17:00 Opening Ceremony**

Wed, November 16

Thu, November 17

Fri, November 18

Scientific Program

Special Lecture

Invited Lecture

Luncheon Seminar

Evening Seminar

Morning Seminar

Concurrent Session

Poster Session

**Thursday, November 17**

**Hall A**

**8:00-9:00 Morning Seminar 1**

**Dermatomycosis: What's a new?**

Co-sponsored by Sato Pharmaceutical Co., Ltd.

Chairpersons: **Kwang Hoon Lee** (Yonsei University, Korea)

**Makoto Kawashima** (Tokyo Women's Medical University, Japan)

MS1-1	Rare Fungal Infections: Case presentation.....	56
	<b>Ruoyu Li</b> (Department of Dermatology, Peking University First Hospital; Research Center for Medical Mycology, Peking University, China)	
MS1-2	Recent trend of diagnosis and treatment of onychomycosis .....	57
	<b>Takashi Mochizuki</b> (Kanazawa Medical University, Japan)	

**9:10-10:20 Concurrent Session 1 Bacterial and Viral Infection**

Chairpersons: **Keiji Iwatsuki** (Okayama University, Japan)

**Jinhua Xu** (Huashan Hospital of Fudan University, China)

**Young Lip Park** (Soonchunhyang University, Korea)

CS-001	High staphylococcus epidermidis colonization in facial seborrheic dermatitis .....	60
	<b>Xinghua Gao</b> (Department of Dermatology, No.1 Hospital of China Medical University, China)	
CS-002	Antiviral medication for preventing herpes zoster in hematopoietic stem cell transplant recipients: A systematic review and meta-analysis .....	60
	<b>Hyun-Min Seo</b> (Department of Dermatology, Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea, Korea)	
CS-003	Heat increased the editing efficiency of human papillomavirus E2 gene by inducing upregulation of APOBEC3A and 3G .....	60
	<b>Yang Yang</b> (Department of Dermatology, No.1 Hospital of China Medical University, China)	
CS-004	Report of three primary cutaneous nocardiosis with literature review .....	60
	<b>Min Zhang</b> (Chengdu Second People's Hospital, China)	
CS-005	Cutaneous gnathostomiasis after eating live freshwater fish .....	61
	<b>Eiko Makita</b> (Department of Dermatology, Hirosaki University Graduated School of Medicine, Japan)	
CS-006	Association between genetic variants in TNFSF15 gene and leprosy among the Chinese Yi population.....	61
	<b>Chong Mao</b> (Institute of Dermatology and Venereology, Sichuan Provincial People's Hospital, China)	
CS-007	Live Mycobacterium leprae inhibits autophagy and apoptosis of infected macrophages and prevents engulfment of host cell by phagocytes .....	61
	<b>Degang Yang</b> (Institute of Photomedicine, Shanghai Skin Disease Hospital, Tongji University School of Medicine, China)	

**10:20-10:50 Invited Lecture 1**

Chairperson: **Xing-Hua Gao** (No.1 Hospital of China Medical University, China)

IL1	Emerging acne treatment using natural products, synthetic drug discovery and devices .....	50
	<b>Dae Hun Suh</b> (Department of Dermatology, Seoul National University College of Medicine, Acne Research Laboratory, Seoul National University Hospital, Korea)	

**10:50-11:20 Invited Lecture 2**Chairperson: **Etsuko Komiyama** (Juntendo University, Japan)

- IL2 Epigenetic Modifications in Complex Skin Diseases .....50  
**Qianjin Lu** (Dept. of Dermatology, The 2nd Xiangya Hospital, Central South University, Hunan Key Laboratory of Medical Epigenomics, China)

**11:20-11:50 Invited Lecture 3**Chairperson: **Hae Jun Song** (Korea University, Korea)

- IL3 Current prevalence and therapies of psoriatic arthritis in Japan .....51  
**Toshiyuki Yamamoto** (Department of Dermatology, Fukushima Medical University, Japan)

**12:00-13:00 Luncheon Seminar 1****SK-II Sponsored Lecture**

Co-sponsored by P&amp;G Group, P&amp;G Innovation Godo Kaisha

Chairpersons: **Masamitsu Ichihashi** (Saisei Mirai Clinic, Japan)**Leihong Xiang** (Huashan Hospital, Department of Dermatology, Shanghai Medical College, Fudan University, China)

- LS1-1 Three-dimensional visualization of elastin by multi-photon microscopy and its structural analysis .....54  
**Tetsuya Honda** (Department of Dermatology, Graduate School of Medicine, Kyoto University, Japan)
- LS1-2 Quantification of holistic wrinkling around the eyes through novel longitudinal wrinkle studies .....54  
**Xianghong Yan** (Kobe Innovation Godo Kaisha, Procter and Gamble Company, Japan)

**13:10-14:20 Concurrent Session 2 Fungal Infection 1**Chairpersons: **Moo Kyu Suh** (Dongguk University, Korea)**Ruoyu Li** (First Hospital of Beijing University, China)**Toshio Demitsu** (Jichi Medical University Saitama Medical Center, Japan)

- CS-008 Posaconazole as a new selection for treating Primary Cutaneous Mucormycosis Caused by Rhizopus microsporus in an immunocompetent patient .....61  
**Yilun Wang** (Huashan Hospital, Fudan University, China)
- CS-009 Disseminated infections caused by Emmonsia pastueriana:  
Review a novel cluster of dimorphic fungal pathogens in humans .....62  
**Peiyong Feng** (Department of Dermatology, Third Affiliated Hospital of Sun Yat-sen University, China)
- CS-010 Auricular chromoblastomycosis caused by Fonsecaea nubica with unusual polymorphic sclerotic bodies:  
First report from China .....62  
**Peiyong Feng** (Department of Dermatology, Third Affiliated Hospital of Sun Yat-sen University, China)
- CS-011 Study of Influence of Sporothrix globosa Melanin on Macrophage Antigen Presentation Function and CD4+ T Cell Activation .....62  
**Yang Song** (First Hospital of Jilin University, China)
- CS-012 Unusual Cases of Skin Mycotic Infection .....62  
**Jin Yu** (Peking University First Hospital, China)
- CS-013 Retrospective Study of 175 Chronic Cutaneous Infections .....63  
**Hui Qu** (Department of Dermatology, Peking University First Hospital, China)
- CS-014 The immune response to the Aspergillus fumigatus in the immunosuppressed mice .....63  
**Huilin Su** (The Center for Medical Mycology, Department of Dermatology, Huashan Hospital, Fudan University, China)

**14:20-15:20 Concurrent Session 3 Fungal Infection 2**

Chairpersons: **Min Soo Jang** (Kosin University, Korea)

**Mariko Seishima** (Gifu University, Japan)

**Weida Liu** (Institute of Dermatology, Chinese Academy of Medical Science, China)

- CS-015 Hair fungal infection-Using dermoscopy for precise diagnosis and therapeutic effect evaluation .....63  
**Yuping Ran** (Department of Dermatovenereology, West China Hospital, Sichuan University, China)
- CS-016 FIFO-ATP synthase is required for *Candida albicans* virulence .....63  
**Shui-Xiu Li** (First Affiliated Hospital and Institute of Mycology, Jinan University, China)
- CS-017 Tetrandrine reverses fluconazole-resistance in CDR1/CDR2 and MDR1 genes overexpressed *Candida albicans* through induction of apoptosis mediated by reactive oxygen species production and mitochondrial dysfunction .....64  
**Ling Jiang** (First Affiliated Hospital and Institute of Mycology, Jinan University, China)
- CS-018 Tetrandrine enhances the antifungal activity of fluconazole in a murine model of disseminated candidiasis .....64  
**Jian-Ping Shi** (Shenzhen Shajing Affiliated Hospital of Guangzhou Medical University, China)
- CS-019 Mitochondrial aerobic respiratory metabolism associated with the resistance mechanism of efflux pumps to fluconazole in *Candida albicans* Running Title: Drug resistance mechanism in *C. albicans* .....64  
**Hui Guo** (The First Affiliated Hospital and Institute of Mycology, Jinan University, China)

**15:25-15:55 Invited Lecture 4**

Chairperson: **Min Zheng** (Second Affiliated Hospital, School of Medicine, Zhejiang University, China)

- IL4 Melanoma in Koreans .....51  
**Kee Yang Chung** (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)

**15:55-16:25 Invited Lecture 5**

Chairperson: **Jee Bum Lee** (Chonnam National University, Korea)

- IL5 Skin ion channel disorders: from genetics to mechanism .....51  
**Yong Yang** (Peking University First Hospital, China)

**Hall B**

**8:00-9:00 Morning Seminar 2**

Co-sponsored by TAIHO PHARMACEUTICAL CO., LTD.

Chairpersons: **Jee Ho Choi** (Ulsan University, Korea)

**Ichiro Katayama** (Osaka University, Japan)

- MS2-1 Recent advances in the management of urticaria .....57  
**Eishin Morita** (Department of Dermatology, Shimane University Faculty of Medicine, Japan)
- MS2-2 Chinese criteria for adult/adolescent Atopic dermatitis .....57  
**Jianzhong Zhang** (Department of Dermatology, Peking University People's Hospital, China)

**9:10-10:30 Concurrent Session 4 Appendages' Diseases**Chairpersons: **Yutaka Shimomura** (Niigata University, Japan)**Shuanglin Cao** (NanTong Medical University, China)**Dae Hun Suh** (Seoul National University, Korea)

CS-021	Clinical and Dermoscopy Features of Acute telogen effluvium .....	64
	<b>Xingqi Zhang</b> (The First Affiliated Hospital of Sun Yat-sen University, China)	
CS-022	Updates on Management Options Alopecia Areata .....	65
	<b>Xingqi Zhang</b> (The First Affiliated Hospital of Sun Yat-sen University, China)	
CS-023	Early events in hair loss lesion of Alopecia Areata revealed by serial transverse sections .....	65
	<b>Xingqi Zhang</b> (The First Affiliated Hospital of Sun Yat-sen University, China)	
CS-025	Characteristics of fungal microbiota in androgenetic alopecia .....	65
	<b>Yuping Ran</b> (Department of Dermatology, West China Hospital, Sichuan University, China)	
CS-026	Folliculitis decalvans: A review of clinicopathology of twenty three cases. ....	65
	<b>Masaki Uchiyama</b> (Tokyo Medical University, Japan)	
CS-027	Sebaceous lipids and comedos .....	66
	<b>Yan Wu</b> (Peking University First Hospital, China)	
CS-028	A case of acute anterior uveitis and Vogt-Koyanagi-Harada syndrome-like eruptions induced by nivolumab in a melanoma patient .....	66
	<b>Kazutoshi Harada</b> (Department of Dermatology, Tokyo Medical University, Japan)	

**10:30-11:50 Concurrent Session 5 Collagen Diseases and Vasculitis**Chairpersons: **Minoru Hasegawa** (University of Fukui, Japan)**Yuzhen Li** (2nd Hospital of Harbin Medical University, China)**Woo-Young Sim** (Kyung Hee University, Korea)

CS-029	A case with juvenile dermatomyositis in remission for 20 years relapsed after delivery .....	66
	<b>Karin Okada</b> (Department of Dermatology, Mie University, Japan)	
CS-030	Elevated serum interleukin-29 levels in patients with Henoch-Schönlein purpura .....	66
	<b>Tao Chen</b> (Chengdu Second People's Hospital, China)	
CS-031	Papular Granuloma Annulare .....	67
	<b>Yan Liu</b> (Chengdu Second People's Hospital, China)	
CS-032	Cutaneous leukocytoclastic vasculitis as the first presentation in a patient with adenocarcinoma of colon .....	67
	<b>Lin Li</b> (Chengdu Second People's Hospital, China)	
CS-033	Botulinum toxin A on Raynaud's phenomenon in Chinese patients with systemic sclerosis and evaluation by Nailfold Capillaroscopy .....	67
	<b>Qiuning Sun</b> (Peking Union Medical College Hospital, China)	
CS-034	Correlation between anti-phosphatidylserine-prothrombin complex antibodies and anti-moesin antibodies in patients with polyarteritis nodosa .....	67
	<b>Tamihiro Kawakami</b> (St. Marianna University School of Medicine, Japan)	
CS-035	Research progress in Juvenile systemic scleroderma .....	68
	<b>Yong-Hong Lu</b> (Chengdu Second People's Hospital, China)	
CS-036	Segmental lichen aureus in infancy and usefulness of dermoscopy .....	68
	<b>Yuki Saito</b> (Division of Dermatology, Niigata University Graduate School of Medical and Dental Sciences, Japan)	

**12:00-13:00 Luncheon Seminar 2** Co-sponsored by GlaxoSmithKline K.K.

Chairperson: **Hiroo Yokozeki** (Tokyo Medical and Dental University, Japan)

- LS2 Pruritus in patients with atopic dermatitis and its immunologic mechanisms .....54  
**Toshihiko Kaise** (Healthoutcomes Department, GlaxoSmithKline K.K., Japan)

**13:10-14:20 Concurrent Session 6 Psoriasis 1**

Chairpersons: **Hongxiang Chen** (Union Hospital, Huazhong Univ. of Sci and Tech, China)

**Hae Jun Song** (Korea University, Korea)

**Shigetoshi Sano** (Kochi University, Japan)

- CS-038 Therapy of Infliximab for Seventeen Cases with Severe Psoriasis .....68  
**Chenyu Zhu** (Peking Union Medical College Hospital, China)
- CS-039 Similarities between Psoriasis and LE: comparative study shows implications for psoriatic therapy .....68  
**Yi-Guo Feng** (the Second Affiliated Hospital, Xi'an Jiaotong University, China)
- CS-040 Clinical experience with infliximab treatment in moderate to severe plaque psoriasis patients in China .....69  
**Yu Hu** (Institute of Dermatology, Chinese Academy of Medical Sciences & Peking Union Medical College, China)
- CS-041 Decreased Expression of Galectin3 in keratinocytes Contributes to the Development of psoriasis .....69  
**Liangchun Wang** (Department of Dermatology, Sun Yat-sen Memorial Hospital, Sun Yat-sen University, China)
- CS-043 Risk of Myocardial Infarction and Coronary Death Increased in Chinese Patients with Psoriasis .....69  
**Yan Cheng** (Chengdu Second People's Hospital, China)

**14:20-15:30 Concurrent Session 7 Psoriasis 2**

Chairpersons: **Hai-Jin Park** (Inje University, Korea)

**Tadashi Terui** (Nihon University, Japan)

**Qing Sun** (Qilu Hospital of Shandong University, China)

- CS-044 The Correlation Between Serum hs-CRP and Severity of Disease in Patients with Psoriasis .....69  
**Yong-Hong Lu** (Chengdu Second People's Hospital, China)
- CS-046 TNF-like weak inducer of apoptosis and its receptor CD163 are expressed in psoriasis vulgaris .....70  
**Mengmeng Li** (Department of Dermatovenereology, West China Hospital of Sichuan University, China)
- CS-047 Refractory Psoriasis Vulgaris Treated with the IL-17A Antibody Secukinumab: A Case of Intolerance to Several Other Biological Agents. ....70  
**Yuko Kurosaki** (Juntendo University Urayasu Hospital, Japan)
- CS-048 Pityriasis lichenoides et varioliformis acuta after vaccination .....70  
**Masaya Moriwaki** (Department of Dermatology Hiroshima University, Japan)
- CS-050 Drug survival of anti TNF- $\alpha$  inhibitors therapies for the treatment of psoriasis in Nagaya City University .....70  
**Emi Nishida** (Department of Geriatric and Environmental Dermatology Nagoya City University Graduate School of Medical Science, Japan)

**15:30-16:30 Concurrent Session 8 Cosmetic Dermatology 1**Chairpersons: **Yasushi Suga** (Juntendo University Urayasu Hospital, Japan)**Li He** (2nd Hospital of Yunnan Medical University, China)**Moon Bum Kim** (Pusan National University, Korea)

- CS-051 Analysis of the Efficacy of Melasma Treatment using Different doses Oral Tranexamic Acid .....71  
**Chenyu Zhu** (Peking Union Medical College Hospital, China)
- CS-052 The efficacy of Kligman formula and whitening-cosmetics with topical treatment of melasma .....71  
**Lei Zhang** (Chengdu Second People's Hospital, China)
- CS-053 The effects of hydroporation on melasma with anti-aging cocktail .....71  
**Je Byeong Chae** (Department of Dermatology, Seoul National University College of Medicine, Korea)
- CS-054 Evaluation of Microinjection of Hyaluronic acid and Tranexamic acid for whitening skin .....71  
**Qiuning Sun** (Peking Union Medical College Hospital, China)
- CS-056 Misdiagnosis analysis from 15 cases of odontogenic fistula of facial skin .....72  
**Qing-Biao Qa** (Chengdu Second People's Hospital, China)

**Hall C****9:10-10:30 Concurrent Session 9 Basic Research 1**Chairpersons: **Kwang-Hoon Lee** (Yonsei University, Korea)**Chikako Nishigori** (Kobe University, Japan)

- CS-058 The effect of human papillomavirus 6b E7 and 11E7 protein on plasmacytoid dendritic cell function and the expression of TLR7 and TLR9 .....72  
**Rui Han** (Sir Run Run Shaw Hospital, Zhejiang University, China)
- CS-059 Skin-derived antimicrobial (host defense) peptides are multifunctional regulators of the skin immunity .....72  
**Francois Niyonsaba** (Juntendo University Graduate School of Medicine, Atopy (Allergy) Research Center, Japan)
- CS-060 Protective roles of transcription factor E4BP4 in systemic lupus erythematosus .....72  
**Ming Zhao** (Department of Dermatology, The Second Xiangya Hospital of Central South University, China)
- CS-061 The Abnormal Activation of CD4+T Cells Stimulated by Recombinant Human Prolactin and Growth Hormone in Systemic Lupus Erythematosus .....73  
**Sunyi Chen** (Huashan Hospital of Fudan University, China)
- CS-062 Opsin sensitizes epidermal melanocytes to ultraviolet (UV) radiation .....73  
**Tiechi Lei** (Department of Dermatology, Wuhan University, Renmin Hospital, China)
- CS-063 Paeoniflorin suppresses inflammatory response in imiquimod-induced psoriasis-like mice and peripheral blood mononuclear cells (PBMCs) from psoriasis patients .....73  
**Li-Xin Fu** (Chengdu Second People's Hospital, China)
- CS-064 Effect of oxidative stress on the trichogenic potential of dissociated mouse skin cells .....73  
**Tiechi Lei** (Department of Dermatology, Wuhan University, Renmin Hospital, China)

**10:30-11:50 Concurrent Session 10 Basic Research 2**Chairpersons: **Seong Jun Seo** (Chung-ang University, Korea)**Akimichi Morita** (Nagoya City University, Japan)**Liangdan Sun** (Anhui Medical University, China)

- CS-065 The effect of calcipotriol on imiquimod (IMQ)-induced psoriasis-like mouse model .....74  
**Li-Xin Fu** (Chengdu Second People's Hospital, China)
- CS-066 Effects of different anti-histamine treatment on cells permeability in histamine induced human dermal microvascular endothelial cells .....74  
**Li-Xin Fu** (Chengdu Second People's Hospital, China)

CS-067	Involvement of High mobility group box-1 (HMGB1) in imiquimod-induced psoriasis-like mice model .....74	<b>Li-Xin Fu</b> (Chengdu Second People's Hospital, China)
CS-068	Anti-TWEAK monoclonal antibodies reduce vascular damage and leukocytes infiltration in a mouse model of cutaneous Arthus reaction .....74	<b>Tao Chen</b> (Chengdu Second People's Hospital, China)
CS-069	Increased Apoptosis and Aberrant Apoptosis Signaling Pathways of Natual CD4+CD25+FOXP3+ Regulatory T cells in Patients With Systemic Lupus Erythematosus .....75	<b>Na Luo</b> (Third Military Medical University, China)
CS-070	Genetic diversity of <i>Microsporum canis</i> Clinical Isolates from Sichuan China by Repetitive-Sequence-PCR-Based DNA Fingerprinting .....75	<b>Bin Yin</b> (Chengdu Second People's Hospital, China)
CS-071	Study the Differentially Expressed Genes of Major <i>Malassezia</i> Species using Transcriptome Sequencing .....75	<b>Bin Yin</b> (Chengdu Second People's Hospital, China)
CS-072	The co-expression pattern of p63 and HDAC1 normal skin: a potential new marker for interfollicular epidermal stem cells .....75	<b>Ji Young Choi</b> (Department of Dermatology, Seoul National University Bundang Hospital, Korea)

**12:00-13:00 Luncheon Seminar 3  
Bullous pemphigoid**

Co-sponsored by NIHON PHARMACEUTICAL CO., LTD.

Chairpersons: **Jie Zheng** (Shanghai Jiaotong University, China)  
**Hee Chul Eun** (Seoul National University, Korea)

LS3-1	New Treatment in Bullous Pemphigoid .....54	<b>Masayuki Amagai</b> (Department of Dermatology, Keio University School of Medicine, Japan)
LS3-2	Bullous pemphigoid in Korea: Incidence, Mortality, Comorbidity .....55	<b>Jee-Bum Lee</b> (Department of Dermatology, Chonnam National University Medical School, Korea)

**13:10-14:20 Concurrent Session 11 Benign and Malignant Tumors 1**

Chairpersons: **Toshihisa Hamada** (Okayama University, Japan)  
**Yuping Ran** (Huaxi Hospital of Sichuan University, China)  
**Kwang Hyun Cho** (Seoul National University, Korea)

CS-073	Using RLE method to make a rapid examination for suspected BCC in minutes .....76	<b>Mingyi Chen</b> (Sichuan Provincial People's Hospital, China)
CS-074	Merkel cell carcinoma associated with stable chronic hemodialysis: A report of two cases .....76	<b>Kotaro Nagase</b> (Division of Dermatology, Department of Internal Medicine, Saga University, Japan)
CS-075	Oral itraconazole for treatment of infantile hemangiomas: Updated clinical and mechanism research .....76	<b>Yuping Ran</b> (Department of Dermatology, West China Hospital, Sichuan University, China)
CS-076	Epigallocatechin-3-gallate (EGCG) suppresses melanoma cell growth and metastasis by targeting TRAF6 .....76	<b>Cong Peng</b> (The Department of Dermatology, Xiangya Hospital, Central South University, China)
CS-077	Tissue imaging and serum lipidomic profiling for screening potential biomarkers of mycosis fungoides by matrix-assisted laser desorption/ionization-Fourier transform ion cyclotron resonance mass spectrometry .....77	<b>Jie Liu</b> (Department of Dermatology, Peking Union Medical College Hospital, Chinese Academy of Medical Sciences and Peking Union Medical College, China)
CS-078	Eccrine poroma .....77	<b>Yan Liu</b> (Chengdu Second People's Hospital, China)
CS-079	A Case of Epithelioid Hemangioma .....77	<b>Hui-Min Meng</b> (Chengdu Second People's Hospital, China)

**14:20-15:30 Concurrent Session 12 Benign and Malignant Tumors 2**Chairpersons: **Hang Li** (First Hospital of Beijing University, China)**Young Ho Won** (Chonnam National University, Korea)**Atsushi Tanemura** (Osaka University, Japan)

CS-080	A Case of pagetoid Bowen's disease .....	77
	<b>Pei-Mei Zhou</b> (Chengdu Second People's Hospital, China)	
CS-081	A Case of Nevus Lipomatosus of Superficialis .....	78
	<b>Pei-Mei Zhou</b> (Chengdu Second People's Hospital, China)	
CS-082	A pilot study on Lipoxin A4 and Transforming growth factor beta 1 in malignant melanoma .....	78
	<b>Li Ling</b> (Department of Dermatovenerology, Sichuan province people's hospital, China)	
CS-084	Analysis on characteristics of nevi cases in China and Clinical Diagnostic path of acral melanocytic lesions .....	78
	<b>Hang Li</b> (Peking University First Hospital Department of Dermatology, China)	
CS-085	Down-regulation of C10orf99 expression in cutaneous squamous cell carcinoma .....	78
	<b>Caifeng Chen</b> (Department of Dermatology, Second Hospital of Xi'an Jiaotong University, China)	
CS-086	A case of primary cutaneous Langerhans cell sarcoma .....	79
	<b>Naoya Mikita</b> (Wakayama medical university, Department of Dermatology, Japan)	

**15:30-16:30 Concurrent Session 13 Metabolic and Endocrine Disorders, Pigmentary Disorders**Chairpersons: **Mu Hyoung Lee** (Kyunghee University, Korea)**Tamihiro Kawakami** (St. Marianna University, Japan)**Dan Luo** (Nanjing Medical University, China)

CS-087	Atypical Xanthoma disseminatum: A progressive case with multisystem involvement .....	79
	<b>Li-Xia Xie</b> (Chengdu Second People's Hospital, China)	
CS-088	Refractory pretibial myxoedema with response to topical 0.025% halcinonide solution with pretreatment of fractional carbon dioxide laser: A case report and literature review .....	79
	<b>Yang Xu</b> (the First Affiliated Hospital of Nanjing Medical University, China)	
CS-089	Heme oxygenase-1 regulates the function of Treg: association with aberrant tolerogenic immunity in vitiligo .....	79
	<b>Zhe Jian</b> (Department of Dermatology of Xijing Hospital of the Fourth Military Medical University, China)	
CS-092	Disturbance of melanogenesis and melanosome transfer on the leukoderma lesion in extra-mammary Paget's disease .....	80
	<b>Atsushi Tanemura</b> (Department of Dermatology Osaka University Graduate School of Medicine, Japan)	

**17:25-18:25 Evening Seminar 1****Atopic Dermatitis and Antihistamines**

Co-sponsored by DONG-A ST, Korea / Tianjin Tanabe Seiyaku Co., Ltd., China /

**Mitsubishi Tanabe Pharma Corporation**Chairpersons: **Masutaka Furue** (Kyushu University, Japan)**Jun Young Lee** (Catholic University, Korea)

ES1-1	Clinical practice guidelines for the management of atopic dermatitis 2016 by the Japanese Dermatological Association .....	55
	<b>Hidehisa Saeki</b> (Nippon Medical School, Japan)	
ES1-2	Diagnosis and prevalence of atopic dermatitis in Chinese children: An update .....	56
	<b>Zhirong Yao</b> (Xinhua Hospital, Shanghai Jiaotong University School of Medicine, China)	

**Hall D****9:10-10:10 Concurrent Session 14 Genetic Disorders 1**Chairpersons: **Masashi Akiyama** (Nagoya University, Japan)**Sang Hyun Cho** (Catholic University, Korea)

- CS-093 Molecular screening strategies for NF1-like syndromes with café-au-lait macules .....80  
**Jia Zhang** (Department of Dermatology, Xinhua Hospital Affiliated to Shanghai Jiaotong University, School of Medicine, China)
- CS-094 Screening of pathogenic gene mutations and analysis of its molecular mechanism in Chinese porphyria patients .....80  
**Tao Wang** (Peking Union Medical College Hospital, CAMS, China)
- CS-096 A case of typical juvenile pityriasis rubra pilaris .....80  
**Cong-Hui Li** (Chengdu Second People's Hospital, China)
- CS-097 A cross-population study in Eastern Asian population revealed pleiotropic effect and tissue-specific regulatory mechanism of TNFSF15 in primary biliary cholangitis, Crohn's disease and leprosy .....81  
**Yonghu Sun** (Shandong Provincial Institute of Dermatology and Venereology, China)
- CS-098 A novel mutation of keratin 1 in exon 9 in a family with epidermolytic hyperkeratosis from southwestern China .....81  
**Xue-Jun Chen** (Department of Dermatology and Venereology, Sichuan Academy of Medical Sciences & Sichuan Provincial People's Hospital, China)

**10:10-11:00 Concurrent Session 15 Genetic Disorders 2**Chairpersons: **Yong Yang** (First Hospital of Beijing University, China)**Dong Youn Lee** (Sungkyunkwan University, Korea)**Kazumitsu Sugiura** (Fujita Health University, Japan)

- CS-099 Mutation analysis and molecular prenatal diagnosis of dominant dystrophic epidermolysis bullosa in a Chinese family .....81  
**Yingguo Ding** (Department of Dermatology, First Affiliated Hospital, College of Medicine, Zhejiang University, China)
- CS-100 Complete type of pachydermoperiostosis with a novel mutation c.510G>A of the SLCO2A1 gene .....81  
**Shinsuke Nakazawa** (Hamamatsu University School of Medicine, Japan)
- CS-101 Next-generation-based targeted sequencing panel serves as an efficient tool for solving a diagnostic dilemma in a rare Oculocutaneous albinism case .....82  
**Cheng Ni** (Department of Dermatology, Xinhua Hospital, Shanghai Jiaotong University School of Medicine, China)
- CS-102 Novel mutations in the lipase H (LIPH) gene in Chinese patients lead to absent of LIPH in secretion with autosomal recessive woolly hair/hypotrichosis .....82  
**Song Qinghua** (Department of Dermatology, Peking University Third Hospital, China)
- CS-103 exome sequencing identifies a new pathogenic gene of a Large Chinese Han pedigree with severe acne .....82  
**Li He** (Department of Dermatology, First Affiliated hospital of Kunming Medical University, China)

**11:00-11:50 Concurrent Session 16 Bullous Diseases 1**Chairpersons: **Kyu Uang Whang** (Soonchunhyang University, Korea)**Akira Ishiko** (Toho University, Japan)**Meng Pan** (Ruijin Hospital of Shanghai Jiaotong University, China)

- CS-104 linear IgA bullous dermatosis induced by proton pump inhibitors .....82  
**Rui Han** (Sir Run Run Shaw Hospital, Zhejiang University, China)
- CS-105 Clinical aspects and prognostic factors of 97 cases of paraneoplastic pemphigus in China .....83  
**Mingyue Wang** (Department of Dermatology, Peking University First Hospital, China)
- CS-106 A case of IgA pemphigus .....83  
**Conghui Li** (Chengdu Second People's Hospital, China)
- CS-107 A case of linear adult type IgA bulla dermatosis .....83  
**Da-Wei Zhang** (Chengdu Second People's Hospital, China)

- CS-108 One case report of youth pemphigus vulgaris misdiagnosed as generalized impetigo .....83  
**Lei Zhang** (Chengdu Second People's Hospital, China)

#### 12:00-13:00 Luncheon Seminar 4

##### Update on the treatment of psoriasis

Co-sponsored by Janssen Pharmaceutical K.K.

Chairpersons: **Jai Il Youn** (National Medical Center, Korea)

**Daisuke Tsuruta** (Osaka City University, Japan)

- LS4-1 Time-management, Tight control, and Transition-important strategy for the treatment of psoriasis .....55  
**Akimichi Morita** (Nagoya City University, Japan)
- LS4-2 Management of psoriasis in the era of biologics .....55  
**Ching-Chi Chi** (Chang Gung Memorial Hospital, Taiwan)

#### 13:10-14:10 Concurrent Session 17 Bullous Diseases 2

Chairpersons: **Daisuke Sawamura** (Hirosaki University, Japan)

**Furen Zhang** (Dermatology Hospital of Shandong Province, China)

**Kyu Han Kim** (Seoul National University, Korea)

- CS-109 Analysis of risk factors resulting in infectious complications of bullous pemphigoid .....84  
**Harumi Ochi** (Changi General Hospital, Singapore)
- CS-110 The local immune regulation in the lesions of pemphigus vulgaris patients .....84  
**Huijie Yuan** (Department of Dermatology, Rui Jin Hospital, School of Medicine, Shanghai Jiao Tong University, China)
- CS-111 Dermatitis Hepetiformis in China .....84  
**Furen Zhang** (Shandong Provincial Institute of Dermatology and Venereology, China)
- CS-112 A case of pediatric pemphigus vulgaris with nail dystrophy .....84  
**Lu Zheng** (Chengdu Second People's Hospital, China)
- CS-113 A new isoform of BP180 in the Brain-A potential shared autoantigen in Bullous Pemphigoid accompanied by Dementia or Stroke .....85  
**Jinbo Chen** (Department of Dermatology, Wuhan First Hospital, Tongji Medical College, Huazhong University of Science and Technology, China)
- CS-114 Clinical and Immunologic Factors Associated With Remission And Relapse In Patients With Bullous Pemphigoid Applying Topical Corticosteroids .....85  
**Muchi Xu** (Department of Dermatology, Ruijin Hospital, Shanghai Jiao Tong University School of Medicine, China)

#### 14:10-15:20 Concurrent Session 18 Therapies 1

Chairpersons: **Fei Hao** (Southwest Hospital, Third Military Medical University, China)

**Young Chul Kye** (Korea University, Korea)

**Takuro Kanekura** (Kagoshima University, Japan)

- CS-115 Attempt to identify predictors for outcomes of intravenous corticosteroid pulse therapy for rapidly progressive alopecia areata .....85  
**Yohei Sato** (Kyorin University School of Medicine Department of Dermatology, Japan)
- CS-116 Yearly reduction of corticosteroid dose by fifty percent as tapering schedule achieves complete remission for 124 pemphigus vulgaris patients .....85  
**Mingyue Wang** (Department of Dermatology, Peking University First Hospital, China)
- CS-117 The clinical observation of 33 cases of facial recurrent dermatitis treated with Blue Ke Ning combined cold spray .....86  
**Mei-Rong Bai** (Chengdu Second People's Hospital, China)
- CS-118 Silk tufts lotion auxiliary clinical observation on treatment of infantile eczema .....86  
**Fang Li** (Chengdu Second People's Hospital, China)

CS-119	The psychological analysis of patients with scrotal eczema, nursing Intervention .....	86
	<b>Fang Li</b> (Chengdu Second People's Hospital, China)	
CS-120	Tranexamic acid in combination with acidity chloasma clinical observation and nursing care .....	86
	<b>Pin Liu</b> (Chengdu Second People's Hospital, China)	
CS-121	Joint hyaluronic acid acidity of facial beely with dressing treatment curative effect observation.....	87
	<b>Pin Liu</b> (Chengdu Second People's Hospital, China)	

---

**15:20-16:30 Concurrent Session 19 Therapies 2**

---

Chairpersons: **Kee Yang Chung** (Yonsei University, Korea)  
**Taku Fujimura** (Tohoku University, Japan)  
**Xibao Zhang** (Dermatology Hospital of Guangdong Province, China)

CS-122	Compound Mooney transcribing the particle type joint fruit acid treatment of 30 cases of skin chloasma clinical observation .....	87
	<b>Pin Liu</b> (Chengdu Second People's Hospital, China)	
CS-123	Acidity combined extrusion technique in treatment of common acne, 75 cases of clinical observation .....	87
	<b>Pin Liu</b> (Chengdu Second People's Hospital, China)	
CS-124	Different types of acne skin acidity best concentration and curative effect research .....	87
	<b>Pin Liu</b> (Chengdu Second People's Hospital, China)	
CS-125	Clinical Observation and Nursing of Alopecia Areata Using Derma Laser-670 Combined With Catgut Embedding Therapy (90 Cases) .....	88
	<b>Yu-Dan Wang</b> (Chengdu Second People's Hospital, China)	
CS-126	Ear Acupuncture Combined With Semiconductor Laser in The Treatment of Herpes zoster (66 Cases).....	88
	<b>Yu-Dan Wang</b> (Chengdu Second People's Hospital, China)	
CS-127	Clinical Observation and Nursing in the Treatment of Compound Muniziqi Granules Combined with Needle Clearance for Delayed Acne of Female .....	88
	<b>Yu-Dan Wang</b> (Chengdu Second People's Hospital, China)	
CS-128	Clinical Observation and Nursing in Mild and Moderate Acne Vulgaris using AHA and Collagen Dressing Combined with Tanshinone Capsules .....	88
	<b>Yu-Dan Wang</b> (Chengdu Second People's Hospital, China)	

---

**17:25-18:25 Evening Seminar 2**

**The perspective of the strategy for the future treatment of acne in Japan** Co-sponsored by Maruho Co., Ltd.

---

Chairpersons: **Xuejun Zhu** (Beijing University, China)  
**Young Chul Kye** (Korea University, Korea)

ES2-1	<i>Propionibacterium acnes</i> resistance against antimicrobials in Japan and newly revised Japanese guidelines for the treatment of acne vulgaris .....	56
	<b>Ichiro Kurokawa</b> (Meiwa Hospital, Japan)	
ES2-2	The significance of combination therapy in acute phase: Japanese guideline for the treatment of acne (update 2016) .....	56
	<b>Nobukazu Hayashi</b> (Toranomom Hospital, Japan)	

**Friday, November 18****Hall A****9:10-10:10 Concurrent Session 20 Therapies 3**Chairpersons: **Hirohiko Sueki** (Showa University East Hospital, Japan)**Il-Hwan Kim** (Korea University, Korea)

- CS-129 Clinical Observation and Nursing of AHA combined with Compound Muniziqi Granules in female Chloasma .....89  
**Yu-Dan Wang** (Chengdu Second People's Hospital, China)
- CS-130 Clinical Observation and Nursing in Triple Therapy for Acne Conglobata .....89  
**Yu-Dan Wang** (Chengdu Second People's Hospital, China)
- CS-131 Patches in the navel acupuncture treatment of pediatric prurigo curative effect observation .....89  
**Lan-Qiu Gu** (Chengdu Second People's Hospital, China)
- CS-132 Photodynamic therapy inhibit Fibroblast Growth Factor-10 induced keratinocyte differentiation and proliferation through Reactive Oxygen Species in Fibroblast Growth Factor Receptor-2b pathway .....89  
**Bingrong Zhou** (Department of Dermatology, the First Affiliated Hospital of Nanjing Medical University, China)
- CS-133 Bullous pemphigoid treated with minocycline, nicotinamide and low-dose glucocorticoid with both efficacy and safety, a cohort study on 183 patients .....90  
**Mingyue Wang** (Department of Dermatology, Peking University First Hospital, China)
- CS-134 Tufted hair folliculitis clinical follow-up of one case report .....90  
**Li-Xia Xie** (Chengdu Second People's Hospital, China)

**10:10-11:10 Concurrent Session 21 Therapies 4**Chairpersons: **Xiaoyan Zhang** (China-Japan Friendship Hospital, China)**Ki Hoon Song** (Dong-A University, Korea)**Toshiyuki Yamamoto** (Fukushima Medical University, Japan)

- CS-135 Skin expansion in vitro therapy in the use of lower extremity giant nevus treatment .....90  
**Shu Zhang** (WEST CHINA HOSPITAL SICHUAN UNIVERSITY, China)
- CS-136 A Case of Photodynamic Therapy Curing Refractory Skin Ulcer .....90  
**Yong-Hong Lu** (Chengdu Second People's Hospital, China)
- CS-137 Application of Paramedian Forehead Flap for Large Nasal Defects .....91  
**Kee Yang Chung** (Department of Dermatology, Yonsei University College of Medicine, Korea)
- CS-138 Disseminated superficial porokeratosis with bulla and IgG deposition:  
A rare manifestation with excellent response to acitretin .....91  
**Xin-Yue Zhang** (Department of Dermatology, The First Affiliated Hospital, Sun Yat-sen university, China)
- CS-139 To cure nevus depigmentosus by cultured epithelial autograft .....91  
**Jian Li** (Huashan hospital of Fudan university, China)
- CS-140 Hyaluronic acid injection in the treatment of facial localized scleroderma .....91  
**Rouyu Fang** (No.1 Shuaifu Yuan, Dongcheng District, Beijing Union Hospital, China)

## Hall B

### 9:10-10:10 Concurrent Session 22 Miscellaneous 1

Chairpersons: **Weon Ju Lee** (Kyungpook National University, Korea)

**Koichiro Nakamura** (Saitama Medical University Hospital, Japan)

**Zhiqi Song** (First Hospital of Dalian Medical University, China)

CS-141	Lichen aureus: the clinicopathological features in a Chinese series .....	92
	<b>Yueping Zeng</b> (Peking Union Medical College Hospital, China)	
CS-142	Retrospective analysis of drug-induced hypersensitivity syndrome: A study of 34 patients.....	92
	<b>Harumi Ochi</b> (Changi General Hospital, Singapore)	
CS-143	A case of necrobiotic xanthogranuloma secondary to IgG4-related disease .....	92
	<b>Xin-Yue Zhang</b> (Department of Dermatology, The First Affiliated Hospital, Sun Yat-sen university, China)	
CS-144	Atopic dermatitis-like graft versus host disease: a distinct form of chronic cutaneous graft-versus-host disease.....	92
	<b>Jianzhong Zhang</b> (Department of dermatology, Peking University People's Hospital, China)	
CS-145	The Effect of C-Phenylcalix-[4]-resorsinaryl benzoate on Cyclooxygenase-2 and Matrixmetalloproteinase-1 Expressions in Fibroblast Cell Culture Exposed by Ultraviolet B .....	93
	<b>Sunardi Radiono</b> (Department of Dermato-Venerology, Dr. Sardjito General Hospital/Faculty of Medicine Universitas Gadjah Mada, Indonesia)	
CS-146	RESEARCH ON SOCIAL SUPPORT OF NURSES IN GENERAL HOSPITAL INFLUENCE OF PSYCHOLOGICAL HEALTH CARE OF AIDS PATIENTS .....	93
	<b>Fang Li</b> (Chengdu Second People's Hospital, China)	

### 10:10-11:00 Concurrent Session 23 Miscellaneous 2

Chairpersons: **Tadamichi Shimizu** (University of Toyama, Japan)

**Hai Long** (2nd Hospital of Central South University, China)

**Mi Woo Lee** (Asan Medical Center, Korea)

CS-147	Nursing ways about using silicone pad to effect breast prolapse elderly women's herpes zoster on breast abdomen and loin waist .....	93
	<b>Hui Liu</b> (Chengdu Second People's Hospital, China)	
CS-148	172 late-onset female acne patients sleep quality and mental status survey .....	93
	<b>Pin Liu</b> (Chengdu Second People's Hospital, China)	
CS-149	NURSING EXPERIENCE OF DEPARTMENT OF INTERNAL MEDICINE DISEASE WITH HERPES ZOSTER .....	94
	<b>Na Wang</b> (Chengdu Second People's Hospital, China)	
CS-150	Introduction to nursing psychology .....	94
	<b>Na Wu</b> (Chengdu Second People's Hospital, China)	
CS-151	Pyoderma gangrenosum: diagnostic challenges and strategies .....	94
	<b>Hai Long</b> (Department of Dermatology, The Second Xiangya Hospital, Central South University, China)	

### 11:00-11:40 Concurrent Session 24 Sexually Transmitted Diseases

Chairpersons: **Quanzhong Liu** (General Hospital of Tianjing Medical University, China)

**Young Suck Ro** (Hanyang University, Korea)

**Norito Katoh** (Kyoto Prefectural University, Japan)

CS-152	Current situation of HIV Epidemic in Pakistan .....	94
	<b>Atif Hasnain Kazmi</b> (King Edward Medical University, Pakistan)	
CS-153	Immunotolerant indoleamine2,3-dioxygenase increases in condyloma acuminata .....	95
	<b>Xie Zhen</b> (Department of Dermatology, Sichuan Academy of Medical Science & Sichuan Provincial People's Hospital, China)	

- CS-154 Clinical analysis of 70 seroresistance syphilis patients .....95  
**Xia Hua** (Chengdu Second People's Hospital, China)
- CS-155 Correlation study of mucocutaneous diseases and CD4+ T cell count among HIV/AIDS patients in Yunnan, China. ....95  
**Yu Ye Li** (Department of Dermatology and Venereology The First Affiliated Hospital of Kunming Medical University, China)

## Hall C

### 8:00-9:00 Morning Seminar 3

#### New Treatment Option for Onychomycosis

Co-sponsored by KAKEN PHARMACEUTICAL CO., LTD.

Chairpersons: **Ryoji Tsuboi** (Tokyo Medical University, Japan)

**Weida Liu** (Chinese Academy of Medical Science, China)

- MS3-1 Onychomycosis in Korea .....57  
**Yang Won Lee** (Department of Dermatology, Konkuk University School of Medicine, Korea)
- MS3-2 Assessment of Antifungal Activity of Clenafin<sup>®</sup> Topical Solution 10% for Nail .....58  
**Shinichi Watanabe** (Teikyo University School of Medicine, Japan)

### 9:10-10:30 Concurrent Session 25 Dermatitis and Skin Allergy

Chairpersons: **Jun Young Lee** (Catholic University, Korea)

**Setsuya Aiba** (Tohoku University, Japan)

**Zhirong Yao** (Xinhua Hospital of Shanghai Jiaotong University, China)

- CS-156 Increased serum soluble VE-cadherin levels in patients with chronic spontaneous urticaria .....95  
**Tao Chen** (Chengdu Second People's Hospital, China)
- CS-157 Expression of C10orf99 in lesions of lichen planus .....96  
**Zhengxiao Li** (Department of Dermatology, Second Hospital of Xi'an Jiaotong University, China)
- CS-158 Identification of Malassezia spp in atopic dermatitis and seborrheic dermatitis patients in Hasan Sadikin Hospital Bandung, Indonesia .....96  
**Risa Mn Hidayah** (Dermatology and Venereology Departement, Faculty of Medicine, Padjadjaran University, Indonesia)
- CS-159 Clinical analysis of orofacial granulomatosis .....96  
**Tomoko Hiraiwa** (Fukushima Medical University, Japan)
- CS-160 Efficacy and safety of omalizumab in patients with chronic spontaneous urticaria: results from a Phase III study in Japan and Korea (POLARIS study) .....96  
**Atsushi Fukunaga** (Kobe University, Japan)
- CS-161 Clinical features of atopic dermatitis are different according to onset age .....97  
**Jee Hee Son** (Department of Dermatology, College of Medicine, Hallym University Kangnam Sacred Heart Hospital, Korea)
- CS-162 Efficacy and safety of oral tofacitinib for the treatment of Asian patients with moderate-to-severe plaque psoriasis: results of a Phase 3 randomized, double blind, placebo-controlled study .....97  
**ChunMei Qi** (Pfizer, China)
- CS-163 MicroRNA-143 Inhibits IL-13-induced Dysregulation of the Epidermal Barrier Related Proteins in Skin Keratinocytes via Targeting to IL-13R $\alpha$ 1 .....97  
**Yueping Zeng** (Department of Dermatology, Peking Union Medical College Hospital, China)

**10:30-11:40 Concurrent Session 26 Benign and Malignant Tumors 3**

Chairpersons: **Mikio Otsuka** (Fukushima Medical University, Japan)

**Aijun Chen** (Chongqing Medical University, China)

**Min Geol Lee** (Yonsei University, Korea)

- CS-164 Successful treatment of Bowenoid papulosis with ingenol mebutate .....97  
**Jae Min Sung** (Department of Dermatology, Ajou University School of Medicine, Korea)
- CS-165 A case of cutaneous amyloidosis developed five years after remission in a patient with multiple myeloma .....98  
**Hideo Kawano** (Department of Dermatology Kurume University School of Medicine, Japan)
- CS-166 Risk factors for Epstein-Barr virus (EBV)-associated T/NK lymphoproliferative disorders .....98  
**Keiji Iwatsuki** (Okayama University Hospital, Japan)
- CS-167 The expression and significance of YAP in melanoma and nevus cell nevus .....98  
**Jinjing Jia** (Department of Dermatology, the Second Affiliated Hospital of Xi'an Jiaotong University, China)
- CS-168 Collagen XVII induces the motility and invasion in human Squamous-cell carcinomas via epithelial-mesenchymal transition with a cadherin switch .....98  
**Hongjiang Qiao** (Department of Dermatology, Xijing Hospital, Fourth Military Medical University, China)
- CS-169 SKIN CANCER IN VIET NAM .....99  
**Tran Hau Khang** (National Hospital of Dermatology and Venereology, Vietnam)
- CS-170 Hsp1 deficiency sensitizes melanoma cells to hyperthermia induced cell death .....99  
**Hexiao Wang** (Department of Dermatology, the First Hospital of China Medical University, China)

**11:40-12:40 Concurrent Session 27 Cosmetic Dermatology 2**

Chairpersons: **Wei Lai** (3rd Hospital of Zhongshan University, China)

**Hyo Hyun Ahn** (Korea University, Korea)

**Emi Nishida** (Nagoya City University, Japan)

- CS-171 Development and clinical application of natural plant active ingredients .....99  
**He Li** (First Affiliated Hospital of Kunming Medical University, China)
- CS-172 COMBINATION OF TOPICAL 5% BENZOYL PEROXIDE AND 10% ALOE VERA AS AN ALTERNATIVE TREATMENT FOR MILD TO MODERATE ACNE VULGARIS .....99  
**Kartika Ruchiatan** (Dermatology and Venereology Department, Medical Faculty Padjadjaran University Bandung, Indonesia)
- CS-173 Protection by fullerene for hair shaft and wig fiber damage by UV and cosmetic treatments .....100  
**Shigeki Inui** (Division of Dermatology, S Inui Clinic, Japan)
- CS-174 The effects of Nanometer Microneedles on Skin barrier function and Erythema .....100  
**Dan Luo** (Department of dermatology, the First Affiliated Hospital of Nanjing Medical University, China)
- CS-175 HA injection in dermis, what does it change? .....100  
**Yan Wu** (Peking University First Hospital, China)
- CS-198 Nonsurgical treatment of eye bag using microinsulated needle RF .....105  
**Chang Hun Huh** (Department of Dermatology, Seoul National University Bundang Hospital, Korea)

**Hall D**

**8:00-9:00 Morning Seminar 4**

**Aiming for optimal psoriasis treatment**

Co-sponsored by Kyowa Hakko Kirin Co., Ltd. / LEO Pharma K.K.

Chairpersons: **Shinji Shimada** (Yamanashi University, Japan)

**Xuejun Zhang** (Anhui Medical University, China)

- MS4-1 Total treatment of psoriasis, an overview .....58  
**Shinichi Imafuku** (Department of Dermatology, Fukuoka University, Japan)

Wed., November 16 | Thu., November 17 | Fri., November 18 | Scientific Program | Special Lecture | Invited Lecture | Luncheon Seminar | Evening Seminar | Morning Seminar | Concurrent Session | Poster Session

MS4-2	Optimizing topical treatment in psoriasis in the era of biologics .....	58
	<b>Hae Jun Song</b> (Department of Dermatology, Korea University, Korea)	

---

**9:10-10:00 Concurrent Session 28 Photo dermatoses**

---

Chairpersons: **Kyoung Chan Park** (Seoul National University, Korea)

**Tamio Suzuki** (Yamagata University, Japan)

**Yumin Xia** (The 2nd Affiliated Hospital of Xian Jiaotong University, China)

CS-176	Porphyria cutanea tarda .....	100
	<b>Xia Hua</b> (Chengdu Second People's Hospital, China)	
CS-177	A child case of xeroderma pigmentosum complementation group C .....	101
	<b>Yukari Tamesada</b> (Division of Dermatology, Department of Internal Related, Kobe University Graduate School of Medicine, Japan)	
CS-178	TWEAK/Fn14 activation exacerbates Ro52-mediated photosensitization in cutaneous lupus erythematosus .....	101
	<b>Yumin Xia</b> (The Second Affiliated Hospital of Xi'an Jiaotong University, China)	
CS-179	MALAT1 participates in ultraviolet B-induced photoaging by regulating the ERK/MAPK signaling pathway .....	101
	<b>Li Lei</b> (Third Hospital of Central South University, China)	
CS-180	Identification of circular RNA in human fibroblast related to skin photoaging .....	101
	<b>Yue Zheng</b> (The third affiliated hospital of Sun Yat-sen University, China)	

---

**10:00-11:30 Concurrent Session 29 Basic Research 3**

---

Chairpersons: **Manabu Ohyama** (Kyorin University, Japan)

**Xiaoyong Man** (2nd Hospital of Zhejiang University, China)

**Tae Yoon Kim** (Catholic University, Korea)

CS-181	Cornulin Contributes to the Development of Cutaneous Squamous Cell Carcinoma via Activation of RAS and P21 in SCL-1 cells .....	102
	<b>Jinjing Jia</b> (Department of Dermatology, Second Hospital of Xi'an Jiaotong University, China)	
CS-183	ATP16 gene leads to cellular stress response in <i>Candida albicans</i> .....	102
	<b>Yishan Zhang</b> (First Affiliated Hospital and Institute of Mycology, Jinan University, China)	
CS-184	Identification of a new group of micro RNA species for the differentiation of Th17 cells .....	102
	<b>Ji Yang</b> (Zhongshan Hospital, Fudan University, China)	
CS-185	Synergistic effect and main mechanism of fluconazole or voriconazole alone and in combination with tetrandrine against <i>Candida parapsilosis</i> .....	102
	<b>Yajing Zhao</b> (JI NAN UNIVERSITY, China)	
CS-186	Micrococcus and its Research Progress of Related Bacteria and Diseases .....	103
	<b>Yong-Hong Lu</b> (Chengdu Second People's Hospital, China)	
CS-187	Clinical analysis of 39 cases with staphylococcus aureus scalded skin syndromes .....	103
	<b>Yong-Hong Lu</b> (Chengdu Second People's Hospital, China)	
CS-188	The correlation between the diseases severity in children of Staphylococcal scalded skin syndrome and impetigo and serum levels of anti-Dsg1 antibodies and anti-Dsg3 antibodies .....	103
	<b>Yong-Hong Lu</b> (Chengdu Second People's Hospital, China)	
CS-189	The Correlation of Serum Androgen Levels and Receptor Expression Levels of the Skin Lesion with the Severity of the Skin Lesion in Acne Patients .....	103
	<b>Yong-Hong Lu</b> (Chengdu Second People's Hospital, China)	

11:30-12:50 Concurrent Session 30 Basic Research 4

Chairpersons: **Tiechi Lei** (Renmin Hospital of Wuhan University, China)

**Sang Wook Son** (Korea University, Korea)

**Yoshiki Tokura** (Hamamatsu University School of Medicine, Japan)

CS-190	Interaction of MAD2B and T cell factor 4 and its effects on function of dermal papilla cells ..... 104	<b>Xichuan Yang</b> (The First Affiliated Hospital of Third Military Medical University, China)
CS-192	Distinctive miRNA expression profiles in primary extramammary Paget's disease ..... 104	<b>Hao Guo</b> (No.1 Hospital of China Medical University, China)
CS-193	Elevated expression of miR-142-3p is critical for pro-inflammation of dendritic cells in systemic lupus erythematosus ..... 104	<b>Yilun Wang</b> (Huashan Hospital, Fudan University, China)
CS-194	Transcription factor 7-like 1 dysregulates keratinocyte differentiation through upregulating lipocalin 2 ..... 104	<b>Yumin Xia</b> (The Second Affiliated Hospital of Xi'an Jiaotong University, China)
CS-195	High salt promotes systemic lupus erythematosus by TET2-induced DNA demethylation and driving the differentiation of Tfh cells ..... 105	<b>Haijing Wu</b> (Dept. of Dermatology, The 2nd Xiangya Hospital, Central South University, China)
CS-196	Immunomodulatory Effects of the Antimicrobial Peptide Derived from IGFBP-5 (AMP-IBP5) on Normal Human Keratinocytes ..... 105	<b>Panjit Chieosilapatham</b> (Atopy (Allergy) Research Center, Juntendo University Graduate School of Medicine, Japan)
CS-197	Effect of the metabotropic glutamate receptor 6(mGluR6) signaling on cell morphology and melanosome transfer in melanocytes ..... 105	<b>Jing Ni</b> (Department of Dermatology, The First Affiliated Hospital of Dalian Medical University, China)

## Hall E

9:00-11:00 CPC (Clinico-Pathological Educational Lecture)

Organizers:

**China: Song Zheng** (No.1 Hospital of China Medical University)

**Korea: You Chan Kim** (Ajou University Hospital)

**Japan: Miki Izumi** (Tokyo Medical University)

Presenters:

**China: Xiguang Liu** (Heilongjiang provincial Hospital)

Porocarcinoma: clustered papules and nodules on the right thigh

**Ruzeng Xue** (Guangdong provincial Dermatology Hospital)

Cutaneous T cell lymphoma: Acute Onset Of Generalized Erythematous And Purple Nodules

**Degang Yang** (Shanghai Dermatology Hospital)

Leprosy: Erythema on face and neck, chest back for 2 years

**Korea: Hyo Hyun Ahn** (Korea University)

Cheilitis granulomatosa, unresponsive to infliximab, in Crohn's disease patient:

Nontender erythematous diffuse swelling of upper lip in a 23-year old male

**Dong Youn Lee** (Sungkyunkwan University)

Onychomatricoma: Nail lesion in a 62-year-old woman

**Woo Jin Lee** (Asan Medical Center)

Angiomatoid fibrous histiocytoma: Asymptomatic subcutaneous nodule on right shoulder in 4-year-old girl

**Japan: Yuko Higaki** (Tokyo Women's Medical University)

Atypical Spitz nevus: Melanocytic lesion in a 5-year-old boy

**Naoko Hasunuma** (Akita University)

Adult langerhans cell histiocytosis: Red nodule in a 56-year-old male

**Yaei Togawa** (Chiba University)

Sebaceous Carcinoma: A nodule on the chest in a 73-year old male

**Poster Session 1****Thursday, November 17****1. Appendages' Diseases****Poster Room**

- P-001 Vulvar Apocrine Sweat Gland Carcinoma: A Rare Case Report ..... 108  
**Yanfei Zhang** (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
- P-002 Combined surgery and Traditional Chinese Medicine in the treatment of Kimura's disease: a case report ..... 108  
**Yanfei Zhang** (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
- P-003 A collision tumor: glomus tumor and leiomyoma ..... 108  
**Yanfei Zhang** (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
- P-004 Vasculitic/pyoderma gangrenosum acne ..... 108  
**Yanfei Zhang** (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
- P-005 Intravascular pyogenic granuloma on the hand: report of three cases ..... 109  
**Yanfei Zhang** (Department of Dermatology, The second affiliated hospital, college of medicine, Xi'an Jiaotong University, China)
- P-006 Acrodermatitis continua of Hallopeau: A case series ..... 109  
**Miri Kim** (Department of Dermatology, Yeouido St. Mary's Hospital, College of Medicine, the Catholic University of Korea, Korea)
- P-007 A case of recurrent adult idiopathic plantar eccrine hidradenitis ..... 109  
**Seung Hyun Chun** (Korea University Ansan Hospital, Korea)
- P-008 Assessment of Rosacea Severity Using 3-dimensional Biomedical Imaging and Skin Color Analysis System ..... 109  
**Jae Woo Ahn** (Department of Dermatology, Guro Hospital, Korea University College of Medicine, Korea)
- P-009 Trichoscopy-assisted monitoring reduces steroid injections in localized alopecia areata ..... 110  
**Jae Won Lee** (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
- P-010 Metformin, an activator of AMPK, promotes the growth of hair follicles via AMPK/ $\beta$ -catenin signaling pathway ..... 110  
**Hyerim Moon** (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Seoul, Republic of Korea, Korea)
- P-011 Differences in clinical profiles between mild-to-moderate and severe alopecia areata patients:  
A retrospective study of 1137 Korean patients ..... 110  
**Hye Rin You** (Department of Dermatology, Chonnam National University Medical School, Korea)
- P-012 Activation of Androgen Receptor on Dermal Papilla Cells by Prostaglandin and Other Transcription Factors ..... 110  
**Jung Eun Kim** (Department of Dermatology, St. Paul's Hospital, College of Medicine, The Catholic University of Korea, Korea)
- P-013 A Case of Onychopapilloma presenting as longitudinal melanonychia ..... 111  
**Jung Min** (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
- P-014 Multiple skin appendage tumors arising from nevus sebaceus ..... 111  
**Hyeon Woo Jeon** (Department of Dermatology, Chonnam National University Medical School, Korea)
- P-015 Differential expression of fibrogenetic biomolecules may be associated with differences in efficacy between Er:YAG and bipolar radiofrequency combined with diode laser for acne scars ..... 111  
**Seonguk Min** (Department of Dermatology, Seoul National University College of Medicine, Korea)
- P-016 Phototrichogram analysis of temporal involvement in Korean patients with pattern hair loss ..... 111  
**Hye Soo Ko** (Department of Dermatology, Inha University School of Medicine, Korea)
- P-017 Light Therapy by Light-Emitting Diode at Various Wavelengths Antagonizes IFN- $\gamma$ -Induced Changes in Human Dermal Papilla Cells through the JAK-STAT Pathway ..... 112  
**Jung Eun Kim** (Department of Dermatology, St. Paul's Hospital, College of Medicine, The Catholic University of Korea, Korea)
- P-019 Reactive Eccrine Syringofibroadenoma with Cobblestone Appearance Secondary to Exfoliative Dermatitis ..... 112  
**Ji Yeon Hong** (Department of Dermatology, Chung-Ang University College of Medicine, Korea)

**Poster Session 2****Thursday, November 17****2. Bacterial and Viral Infection****Poster Room**

- P-020 The effective evaluation of the vacuum sealing drainage dressing in leprosy ulcers in Sichuan, China ..... 112  
**Yong Ning** (Sichuan Academy of Medical Science, Sichuan Provincial People's Hospital, China)
- P-021 A Case of Verruca plana developed after tattooing ..... 112  
**Won Jin Hong** (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
- P-022 EBV associated hydroa vacciniforme-like eruption in the patient of NK/T cell lymphoma ..... 113  
**Ji Soo Lim** (Department of Dermatology, Seoul National University Hospital, Korea)

P-023	Papillomavirus-associated epidermoid cyst on the 5th toe ..... 113 <b>Seh Hyun Park</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-025	A case of Eczema Coxsackium caused by Coxsackievirus A6 infection ..... 113 <b>Yoon Soo Kim</b> (Chosun University Hospital, Korea)
P-026	Case of subcutaneous tuberculous granuloma associated with BCG vaccination ..... 113 <b>Mayu Kawai</b> (Department of Dermatology, Tokai University School of Medicine, Japan)
P-028	Analysis of mucosal human papillomaviruses in cutaneous warts by restriction fragment mass polymorphism ..... 114 <b>Sang Seok Kim</b> (Department of Dermatology, Kangdong Sacred Heart Hospital, Hallym University, Korea)
P-029	A Case of Lepromatous Leprosy with Lucio Phenomenon ..... 114 <b>Ping Wang</b> (Department of Dermatovenereology, Second Affiliated Hospital, Zhejiang University School of Medicine, China)
P-030	A case of erythema multiforme following herpes zoster ..... 114 <b>Hyeon Woo Jeon</b> (Department of Dermatology, Chonnam National University Medical School, Korea)
P-031	Primary Cutaneous Nocardiosis Caused by Nocardia takedensis ..... 114 <b>Sook Kyung Lee</b> (Department of Dermatology, Maryknoll Medical Center, Korea)
P-032	Case of Fournier's gangrene in a patient with pustular psoriasis treated by long usage of immunosuppressive agents including biologics ..... 115 <b>Hiroki Shimizu</b> (Department of Dermatology, Faculty of Medicine, Fukuoka University, Japan)
P-033	The expression of EBV-encoded LMP1 in young patients with lupus nephritis ..... 115 <b>Ding Yan</b> (Department of Dermatology, Maternal and Child Health Care Hospital of Hainan Province, China)
P-034	A Case of Hyperplastic Lupus Vulgaris ..... 115 <b>Xiling Duan</b> (Sichuan Provincial People's Hospital, China)
P-035	A case of tuberculosis diagnosed from a painful subcutaneous nodule in the right axillae ..... 115 <b>Hiroshi Mitsui</b> (University of Yamanashi, Japan)
P-036	Herpes zoster as a risk factor for osteoporosis ..... 116 <b>Chieh-Hsin Wu</b> (Division of Neurosurgery, Department of Surgery, Kaohsiung Medical University Hospital, Kaohsiung Medical University, Taiwan)

**Poster Session 3****Thursday, November 17****3. Basic Research****Poster Room**

P-037	Keratin 17 is not always expressed in Hyperkeratotic skin diseases ..... 116 <b>Yanfei Zhang</b> (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
P-038	The suppressive effect of Hydrogen Peroxide (H <sub>2</sub> O <sub>2</sub> ) on hair growth through Wnt/ $\beta$ -catenin signal transduction pathway ..... 116 <b>Jungyoon Ohn</b> (Department of Dermatology, Seoul National University College of Medicine, Seoul, Korea)
P-039	Epidermal Barrier Function Changes After Ablative and Non-ablative Fractional Laser Administration ..... 116 <b>Jeong-Min Kim</b> (Department of Dermatology, School of Medicine, Pusan National University, Pusan National University Yangsan Hospital, Korea)
P-040	Dependence on Hydrophile Lipophile Balance Number and Percutaneous Permeation of Optically Active Amino Acid Ions into Horny Intercellular Fat of Skin ..... 117 <b>Yukio Watanabe</b> (Program in chemistry and Life Science, Faculty of Science and Engineering, Meisei University, Japan)
P-041	The study of the expression of pERK1/2, pJNK and pp38MAPK in Basal cell carcinoma and Bowen's disease ..... 117 <b>XinHong Ge</b> (General Hospital of Ningxia Medical University, China)
P-043	The Comparison of Plant Extract vs. Silver Sulfadiazine on Burn Wounds in Rats ..... 117 <b>Cheng Liu</b> (Division of Plastic Surgery, Chi Mei Medical Center, Taiwan)
P-044	Influence of different pulse duration and fluence of 1,064nm Nd:YAG laser on subcellular selective photothermolysis, removal and regeneration of pigment in zebrafish model ..... 117 <b>Seung Hyun Chun</b> (Korea University Ansan Hospital, Korea)
P-045	Rottlerin as a possible therapeutic approach in psoriasis: evidence from in vitro and in vivo studies ..... 118 <b>Min Min</b> (Department of Dermatology, Second Affiliated Hospital, Zhejiang University School of Medicine, China)
P-046	TSLP downregulates S100A7 and $\beta$ -defensin2 via the JAK2/STAT3 dependent mechanism ..... 118 <b>Hana Lee</b> (Department of Dermatology, Korea University College of Medicine, Korea)
P-047	Wound healing properties of Placenta Growth Factor in fibroblasts ..... 118 <b>Lidan Xiong</b> (Center of Cosmetic Safety and Efficacy Evaluation of West China Hospital, Sichuan University, China)
P-049	Establishment of rat wound model and investigation of physiological parameters during wound repair ..... 118 <b>Jun Zhou</b> (Huashan Hospital, Fudan University, China)
P-050	The roles of host defense protein S100A7/psoriasin in the skin ..... 119 <b>Fumihito Hattori</b> (Department of Dermatology and Allergology, Juntendo University Graduate School of Medicine, Japan)
P-051	Defect of BDH2 induces DNA hypomethylation in CD4+ T cells of systemic lupus erythematosus ..... 119 <b>Mengying Li</b> (Department of Dermatology, Second Xiangya Hospital, Central South University, China)

P-052	Evaluation of keratinocyte differentiation markers induced by kinetin ..... 119 <b>Kyu Joong Ahn</b> (Department of Dermatology, Konkuk University, School of Medicine, Korea)
P-053	Heat shock protein 90 is involved in IL-17-mediated skin inflammation after heat stimulation ..... 119 <b>Kyung Ho Lee</b> (Department of Dermatology, College of Medicine, The Catholic University of Korea, Korea)
P-054	The Effect of Low-level Light Therapy on Wound healing in Human Dermal Fibroblast: in vitro Study ..... 120 <b>Hyun Soo Lee</b> (Ajou University School of Medicine, Korea)
P-055	Photorejuvenation with light emitting diodes: A Comparative study of yellow and red light emitting diodes in vitro and in vivo ..... 120 <b>Hye Rin You</b> (Department of Dermatology, Chonnam National University Medical School, Korea)
P-056	Galactomyces Ferment Filtrate (GFF) boosts in vitro cellular bioenergetics and protects from oxidative stress: increased keratinocyte wound repair. .... 120 <b>John E Oblong</b> (The Procter and Gamble Company, USA)
P-057	The effect of LED therapy on wound healing in mouse model: focused on signal transduction pathway of fibroblast ..... 120 <b>Byung Woo Soh</b> (Department of Dermatology, Ajou University School of Medicine, Korea)
P-058	Feasibility study of HaCaT cells containing human papillomaviruses 11 genome as an in vitro pharmacodynamic model ..... 121 <b>Yang Sun</b> (Institute of Dermatology, Chinese Academy of Medical Science and Peking Union Medical College, China)
P-059	Cathepsin B, D, E, L are likely related with human hair graying ..... 121 <b>Wei Lai</b> (The third affiliated hospital of Sun Yat-sen University, China)
P-060	PM2.5 induces interleukin 6 expression via ERK/NF-kappaB pathway in keratinocytes ..... 121 <b>Zhanglei Mu</b> (Department of dermatology, Peking University People's Hospital, China)
P-061	Investigation of 5-Fluorouracil and Ultraviolet B co-inducing lupus-like mouse model and its molecular mechanisms ..... 121 <b>Yaxiong Deng</b> (Dept. of Dermatology, The 2nd Xiangya Hospital, Central South University, China)
P-062	Expression of serum exosomal microRNA-451a in systemic lupus erythematosus ..... 122 <b>Lina Tan</b> (Dept. of Dermatology, 3rd Xiangya Hospital, Central South University, China)
P-063	Tumor-associated macrophages and stromal factors play roles at different stages in developing mycosis fungoides ..... 122 <b>Taku Fujimura</b> (Department of Dermatology, Tohoku University Graduate School of Medicine, Japan)

## Poster Session 4

Thursday, November 17

### 4. Benign and Malignant Tumors

Poster Room

P-064	Angiokeratoma-like hemangioma of the gluteal region: A new entity (report of three cases) ..... 122 <b>Kwang Joong Kim</b> (Department of Dermatology, Hallym University Sacred Heart Hospital, Korea)
P-065	Epidemiological analysis on leprosy in Sichuan, China, 2000-2014 ..... 122 <b>Yangying Liu</b> (Sichuan Academy of Medical Science, Sichuan Provincial People's Hospital, China)
P-066	Unusual Large Fibroepithelial Polyp With Epidermal Erosion ..... 123 <b>Jinjing Jia</b> (Department of Dermatology, the Second Affiliated Hospital of Xi'an Jiaotong University, China)
P-067	Secondary skin lesions during postoperative surveillance of patients with cutaneous melanoma ..... 123 <b>Moon-Bum Kim</b> (Department of Dermatology, School of Medicine, Pusan National University, Korea)
P-068	The clinical & histopathological characteristics of early-onset basal cell carcinoma in Asians ..... 123 <b>Min-Young Yang</b> (Department of Dermatology, School of Medicine, Pusan National University, Korea)
P-069	Effects of Scutellaria Baicalensis Extract on Apoptosis in Human Cutaneous Squamous Cell Carcinoma Cell Line SCL-1 ..... 123 <b>Mei Liu</b> (Department of Dermatology, No. 1 Hospital of China Medical University, China)
P-070	A Case of Child Langerhans cell histiocytosis ..... 124 <b>Li Ling</b> (Department of Dermatovenereology, Sichuan province people's hospital, China)
P-071	A Case of Proliferative Fasciitis ..... 124 <b>Seung Joon Oh</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
P-072	A case of squamoid eccrine ductal carcinoma on the scalp ..... 124 <b>Qiping Chen</b> (National Skin Centre, Singapore)
P-073	Sudden aggravated CD4-/CD8+ mycosis fungoides: accompanied with hidden malignant colon cancer ..... 124 <b>Hye-Jin Ahn</b> (Department of Dermatology, School of Medicine, Kyung Hee University, Korea)
P-074	A case of papillary intralymphatic angioendothelioma ..... 125 <b>Hye-Jin Ahn</b> (Department of Dermatology, School of Medicine, Kyung Hee University, Korea)
P-075	Mixed types of porokeratosis accompanying squamous cell carcinoma and actinic keratosis within linear porokeratosis lesions ..... 125 <b>Hyung-Jin Park</b> (Department of Dermatology, School of Medicine, Kyung Hee University, Korea)
P-076	A case report of glomus tumor. .... 125 <b>Jingang An</b> (Department of Dermatology, the Second affiliated Hospital, School of medicine, Xi'an Jiaotong University, China)

P-077	A case of systematized nevus sebaceus ..... 125 <b>Byoung Yong Koh</b> (Department of Dermatology, Konyang University Hospital, Konyang University College of Medicine, Korea)	125
P-078	CD30-positive large cell transformation complicating stage VI mycosis fungoides ..... 126 <b>Kyoung Geun Lee</b> (Department of Dermatology, Konyang University Hospital, Konyang University College of Medicine, Korea)	126
P-079	Cutaneous and uterine leiomyomatosis (Reed's syndrome) presented as segmental distribution ..... 126 <b>Du Cheon</b> (Department of Dermatology, Hanyang University College of Medicine, Korea)	126
P-080	Microcystic adnexal carcinoma on the externa auditory canal ..... 126 <b>Hsiu-Hui Chiu</b> (Department of Dermatology, Pingtung Christian Hospital, Taiwan)	126
P-081	Langerhans cell histiocytosis of lymph node presenting as erythroderma in an elderly: a case report ..... 126 <b>Aoxue Wang</b> (The 2nd Hospital of Dalian Medical University, China)	126
P-082	The Expression of MMP-2, MMP-9 and E-cadherin in Lesions of Malignant Melanoma ..... 127 <b>Huiying Wan</b> (Department of Dermatology, Sichuan Provincial People's Hospital, China)	127
P-083	A case of suspected B-cell lymphoma with amyloidosis. .... 127 <b>Shogo Takahashi</b> (Department of Dermatology, Nihon University School of Medicine, Japan)	127
P-084	A case of nodular amelanotic melanoma with unusual presentation: A diagnostic challenge ..... 127 <b>Joung Soo Kim</b> (Department of Dermatology, Hanyang University Guri Hospital, Korea)	127
P-085	Clinical experience of ingenol mebutate therapy in extramammary Paget disease ..... 127 <b>Joung Soo Kim</b> (Department of Dermatology, Hanyang University Guri Hospital, Korea)	127
P-086	A case of lymphoepithelioma-like carcinoma of the skin associated with Epstein-Barr virus infection ..... 128 <b>Sang Seok Kim</b> (Department of Dermatology, Kangdong Sacred Heart Hospital, Hallym University, Korea)	128
P-087	Limited clinical efficacy of ingenol mebutate for Bowen's disease ..... 128 <b>Sang Seok Kim</b> (Department of Dermatology, Kangdong Sacred Heart Hospital, Hallym University, Korea)	128
P-088	A case of primary cutaneous diffuse large B-cell lymphoma, leg type which regressed after biopsy without any additional treatment ..... 128 <b>Nozomi Jimura</b> (Department of Dermatology, Kagoshima University Graduate School of Medical and Dental Sciences, Japan)	128
P-089	A case of plastic plasmacytoid dendritic cell neoplasm ..... 128 <b>Ayaka Higashiyama</b> (Department of Dermatology, Mie university, Graduate School of Medicine, Japan)	128
P-090	Simultaneous presentation of trichilemmal carcinoma and syringocystadenoma papilliferum in nevus sebaceus ..... 129 <b>Seung Hyun Chun</b> (Korea University Ansan Hospital, Korea)	129
P-091	The Current Progress of pathogens of Port Wine Stain ..... 129 <b>Lin Gao</b> (Department of Dermatology, Xijing Hospital, The Fourth Military Medical University, China)	129
P-092	Solitary Cutaneous Myxoma: A case report ..... 129 <b>Chang Yoon Sim</b> (Department of Dermatology, Soonchunhyang University College of Medicine, Korea)	129
P-093	Multiple cutaneous leiomyoma on neck: A case report ..... 129 <b>Jin Ho Bae</b> (Department of Dermatology, Soonchunhyang University College of Medicine, Korea)	129
P-094	Clinicopathologic characteristics and survival of patients with primary cutaneous anaplastic large cell lymphoma from a single Japanese medical center ..... 130 <b>Toshihisa Hamada</b> (Okayama University Graduate School of Medicine, Dentistry, and Pharmaceutical Sciences, Japan)	130
P-095	Blastic plasmacytoid dendritic cell neoplasm in a patient with relapsed acute myeloid leukemia ..... 130 <b>Ji Hyun Lee</b> (Department of Dermatology, Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea, Korea)	130
P-096	Clinical efficacy of 1,444-nm Nd-YAG laser for xanthelasma palpebrarum ..... 130 <b>Chang Min Kim</b> (Department of Dermatology, Korea University Ansan Hospital, Korea University, Korea)	130
P-097	Syringomas successfully treated by intralesional insulated needle ..... 130 <b>Chang Min Kim</b> (Department of Dermatology, Korea University Ansan Hospital, Korea University, Korea)	130
P-098	Neonatal calcinosis cutis on foot, probably due to needle injury ..... 131 <b>Seung Hwi Kwon</b> (Department of Dermatology, Guro Hospital, Korea University College of Medicine, Korea)	131
P-099	Comparison of driver mutations in Japanese patients with primary and metastatic melanomas in a single institute ..... 131 <b>Tatsuya Kaji</b> (Okayama University Graduate School of Medicine, Dentistry and Pharmaceutical Sciences, Japan)	131
P-100	Two cases of squamous cell carcinoma associated with seborrheic keratoses ..... 131 <b>Charmaine En-En Lim</b> (National Skin Centre, Singapore, Singapore)	131
P-101	A Case of Squamous Cell Carcinomas of Both Palms ..... 131 <b>Se Jin Oh</b> (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)	131
P-102	A Case of Metastatic Hidradenocarcinoma of the Thumb ..... 132 <b>Youngkyoung Lim</b> (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)	132
P-103	7. Primary cutaneous carcinosarcoma developing after chronic radiation exposure from c-arm fluoroscopy ..... 132 <b>Youngkyoung Lim</b> (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)	132
P-104	A case of nail unit amelanotic melanoma ..... 132 <b>Jae Ho Lee</b> (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)	132

P-105	The efficacy of low dose 5-fluorouracil/cisplatin therapy for multiple metastases of extramammary Paget's disease. ....132 <b>Hiroshi Kato</b> (Department of Geriatric and Environmental Dermatology, Nagoya City University Graduate School of Medical Sciences, Japan)
P-106	A case of pseudoepitheliomatous keratotic and micaceous balanitis .....133 <b>Hae-Jin Lee</b> (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
P-110	A Case of Lipidized Dermatofibroma.....133 <b>Jae-Yun Lim</b> (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
P-111	A Case of the Clinical and Histological Transition in Lymphomatoid Granulomatosis.....133 <b>Han-Saem Kim</b> (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
P-112	Cutaneous metastasis of ovarian serous adenocarcinoma: .....133 <b>Ho Jeong Shin</b> (Department of Dermatology, University of Ulsan College of Medicine, Asan Medical Center, Korea)
P-113	A Case of Myoepithelial Carcinoma on Scalp .....134 <b>Young Jae Kim</b> (Department of Dermatology, University of Ulsan College of Medicine, Asan Medical Center, Korea)
P-114	Painful local skin reaction after applying ingenol mebutate in Korean patients with actinic keratosis .....134 <b>Hyun-Jae Joe</b> (Department of Dermatology, Keimyung University College of Medicine, Korea)
P-115	Porocarcinoma and Squamous Cell Carcinoma in a Single Patient with Chronic Exposure to Arsenic .....134 <b>Hyunji Lee</b> (Department of Dermatology, Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea, Korea)
P-116	Epithelioid Hemangioendothelioma: A Vascular Tumor Commonly Misdiagnosed for Kaposi's Sarcoma .....134 <b>Hyun Ji Kang</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-117	Comparative histopathological analysis of cutaneous extranodal natural killer/T-cell lymphomas according to their clinical morphology...135 <b>Sang Hyung Lee</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-118	Cutaneous peripheral T-cell lymphoma, unspecified, with novel generalized eczematous skin lesions: a possibly distinct peripheral T-cell lymphoma .....135 <b>Hyun Ji Kang</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-119	A case of cutaneous Epstein-Barr virus-associated diffuse large B-cell lymphoma in the setting of angioimmunoblastic T-cell lymphoma .....135 <b>Hyun Ji Kang</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-120	Pigmented Dermatofibrosarcoma Protuberans Presenting in a Middle-aged Korean Woman as a Faint Blue Macule .....135 <b>Hak Tae Kim</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-121	Primary cutaneous extranodal NK/T-cell lymphoma presenting as bilateral erythematous patches on the arms .....136 <b>Hak Tae Kim</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-122	Disseminated Epidermolytic Acanthoma: three case reports .....136 <b>Ruiming Hu</b> (Department of dermatology, Huashan Hospital, Fudan University, China)
P-124	Pigmented squamous cell carcinoma on the face: a case report with dermatoscopic features. ....136 <b>Hsiu-Hui Chiu</b> (Dermatology, Pingtung Christian Hospital, Taiwan)
P-125	A case of aggressive type basal cell carcinoma occurs with the patient of nevoid basal cell carcinoma syndrome with.....136 <b>Motoyasu Nakamura</b> (Department of Dermatology, Toho University school of Medicine, Japan)
P-126	A case of genital syringocystadenocarcinoma papilliferum showing pagetoid spread .....137 <b>Hyojin Kim</b> (Department of Dermatology, Busan Paik Hospital, College of Medicine, Inje University, Korea)
P-127	A case of osteogenic melanoma—a rare variant of malignant melanoma .....137 <b>Takuya Miyagawa</b> (Department of Dermatology, University of Tokyo Graduate School of Medicine, Japan)
P-128	Bilateral upper limb foreign body granulomas resulting from leuprorelin acetate subcutaneous injections, a hormonal treatment for prostatic cancer .....137 <b>Masahiko Muto</b> (Department of Dermatology, Ube Kohsan Central Hospital., Japan)
P-129	Clinicopathological characteristics of poikilodermatous mycosis fungoides: a case series of six patients. ....137 <b>Mikio Ohtsuka</b> (Department of Dermatology, Fukushima Medical University, Japan)
P-130	Subungual melanoma in situ in an 18-year-old girl .....138 <b>Cheongha Woo</b> (Ilsan Paik Hospital, Inje University, Korea)
P-131	Three cases of mixed tumor of the skin .....138 <b>Hajime Takagi</b> (Ogaki Municipal Hospital, Japan)
P-132	Usefulness of real-time tissue elastography for detecting the border of basal cell carcinomas .....138 <b>Takamitsu Tanaka</b> (Department of Dermatology, Teikyo University School of Medicine, Japan)
P-133	A case of giant skin cancer of unknown origin in the arm with persistent bleeding that needed embolization .....138 <b>Issei Kido</b> (Department of Dermatology, Kochi Medical School, Kochi University, Japan)
P-134	Squamous cell carcinoma in situ successfully treated with ingenol mebutate .....139 <b>JeongSoo Kim</b> (Department of Dermatology Gachon University Gill Hospital, Korea)
P-135	Efficacy of ablative fractional laser-assisted photodynamic therapy for the treatment of microinvasive squamous cell carcinoma as alternative treatment option .....139 <b>Tae-Hoon Kim</b> (Department of Dermatology, College of Medicine, Dong-A University, Korea)

P-136	Efficacy of iontophoresis pretreated ablative fractional laser-assisted photodynamic therapy for the treatment of actinic keratosis ..... 139 <b>Seung-Hwan Choi</b> (Department of Dermatology, College of Medicine, Dong-A University, Korea)
P-137	A Case of Primary Cutaneous Diffuse Large B Cell Lymphoma, Leg-type on Upper Limb Mimicking Benign Subcutaneous Tumor ..... 139 <b>Tae-Hoon Kim</b> (Department of Dermatology, College of Medicine, Dong-A University, Busan, Korea)
P-138	Acetylcholine receptor binding antibodies-associated myasthenia gravis and rhabdomyolysis induced by Nivolumab in a patient with melanoma ..... 140 <b>Takushi Shirai</b> (Department of Dermatology, Shinshu University School of Medicine, Japan)
P-139	Immunohistochemical examination of regressed lesion in Bowen's disease ..... 140 <b>Yuri Sugita</b> (Department of Dermatology, Graduate School of Medicine and Pharmaceutical Sciences, University of Toyama, Japan)
P-140	Expression of YAP in the skin lesions of lichen planus ..... 140 <b>Jinjing Jia</b> (Department of Dermatology, the Second Affiliated Hospital of Xi'an Jiaotong University, China)
P-141	Clear cell papulosis of the skin: a case report from China ..... 140 <b>Duoqin Wang</b> (Department of Dermatology, Huashan Hospital, Fudan University, China)
P-142	Hydroa vacciniforme-like lymphoma in adults: A case report and review ..... 141 <b>Yujie Mao</b> (Sichuan Academy of Medical Sciences & Sichuan Provincial People's Hospital, University of Electronic Science and Technology of China, China)
P-144	Foreign Body Trauma ..... 141 <b>Bin Zhang</b> (Beijing Children's Hospital, Capital Medical University, China)
P-145	AN UNCOMMON IMMUNOPHENOTYPING RESULT OF A 7-YEAR OLD BOY WITH TRANSFORMED MYCOSIS FUNGOIDES ..... 141 <b>Reiva Farah Dwiwana</b> (Dept. Dermatology and Venereology, Faculty of Medicine, Padjadjaran University, Indonesia)
P-146	Mast cell is a key player in the pathogenesis of seborrheic keratosis related itch ..... 141 <b>Mika Yamanaka</b> (Department of Dermatology, Osaka City University Graduate School of Medicine, Japan)
P-147	Peroxisome proliferator-activated receptor gamma coactivator-1 $\alpha$ in melanoma ..... 142 <b>Ying-Yi Lu</b> (Department of Dermatology, Kaohsiung Veterans General Hospital, Taiwan)

**Poster Session 5**

**Thursday, November 17**

**5. Bullous Diseases**

**Poster Room**

P-148	Epidermolysis bullosa simplex with migratory circinate erythema ..... 142 <b>Ji Young Choi</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-149	A case of laminin- $\gamma$ 1 (p200) pemphigoid presenting with anti-BP 180 antibodies during the course in a patient with disseminated superficial porokeratosis ..... 142 <b>Tomoko Yamada</b> (Department of Dermatology, Jichi Medical University Saitama Medical Center, Japan)
P-150	Lichenoid type of paraneoplastic pemphigus associated with follicular lymphoma ..... 142 <b>Seh Hyun Park</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-151	Lichenoid type of paraneoplastic pemphigus associated with malignant thymoma ..... 143 <b>Seh Hyun Park</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-152	Long lasting localized pemphigus vulgaris without detectable anti-desmoglein antibodies, subsequent to systemic form ..... 143 <b>Kazuyasu Fujii</b> (Department of Dermatology, Kagoshima University Graduate School of Medical and Dental Sciences, Japan)
P-153	Paraneoplastic pemphigus associated with a malignant thymoma: A case of persistent and refractory oral ulcerations following thymectomy ..... 143 <b>Jung Min Lim</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
P-154	Epidermolysis bullosa acquisita developed after chronic Graft-versus-host disease ..... 143 <b>Ju Hee Han</b> (Department of Dermatology, Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea, Korea)
P-155	Pemphigus Herpetiformis with IgG antibodies to desmocollins ..... 144 <b>Tay Evelyn</b> (NATIONAL SKIN CENTRE, Singapore)
P-156	Bullous Erythema Multiforme: An Atypical Manifestation of Mycoplasma pneumoniae Infection ..... 144 <b>Borwarnrat Campeera</b> (Institute of Dermatology, Department of Medical Services, Ministry of Public Health, Thailand)
P-157	A possible interaction between periostin and CD163+ skin-resident macrophages in pemphigus vulgaris and bullous pemphigoid ..... 144 <b>Kayo Tanita</b> (Department of Dermatology, Tohoku University Graduate School of Medicine, Japan)
P-158	A case of bullous pemphigoid which shows negative serum anti-BP180 antibody by commercial ELISA ..... 144 <b>Duernan Tie</b> (Department of Dermatology, Shimane University Faculty of Medicine, Japan)
P-159	A case of juvenile-onset pemphigus foliaceus ..... 145 <b>Ryo Yasumura</b> (Department of Dermatology, Graduate School of Medicine, University of the Ryukyus., Japan)

P-160	Infantile bullous pemphigoid with spontaneous remission ..... 145 <b>Hisashi Nomura</b> (Departments of Dermatology, Keio University School of Medicine, Japan)
P-161	Aplasia Cutis Congenita with atrial septal defect and pyloric atresia ..... 145 <b>Fitria Salim</b> (Dermatology and Venereology Department, Medical Faculty of Syiah Kuala University/dr. Zainoel Abidin Hospital, Indonesia)
P-162	TWEAK/Fn14 activation contributes to the pathogenesis of bullous pemphigoid ..... 145 <b>Yumin Xia</b> (The Second Affiliated Hospital of Xi'an Jiaotong University, China)
P-163	Eight years of maintainance hemodialysis using a permanent vascular catheter in a patient with severe generalized recessive dystrophic epidermolysis bullosa ..... 146 <b>Yuichiro Maeda</b> (Department of Dermatology and Allergology, Juntendo University Graduate School of Medicine, Japan)
P-164	Clinical activity scores (PDAI/BPDAI) as a guide for treatment plan in pemphigus and pemphigoid ..... 146 <b>Yuichi Kurihara</b> (Keio University school of medicine, department of dermatology, Japan)

**Poster Session 6****Thursday, November 17****6. Collagen Diseases and Vasculitis****Poster Room**

P-165	Juvenile Localized Scleroderma occurring concomitantly with Port Wine Stain ..... 146 <b>Yong-Yon Won</b> (Department of Dermatology, Kyung Hee University hospital at Gang-dong, Kyung Hee University School of Medicine, Korea)
P-166	Dermatomyositis with features of plaque-like mucinosis ..... 146 <b>Bj Park</b> (Department of Dermatology, Hanyang University College of Medicine, Korea)
P-167	A case of scleredema with widespread cutaneous involvement and extracutaneous manifestations ..... 147 <b>Du Cheon</b> (Department of Dermatology, Hanyang University College of Medicine, Korea)
P-168	Acquired lymphangiectasia of the scrotum ..... 147 <b>Yoon Seob Kim</b> (Department of Dermatology, Seoul St. Mary's Hospital, College of Medicine, The Catholic University of Korea, Korea)
P-169	Non-bullous neutrophilic dermatosis in a patient with systemic lupus erythematosus ..... 147 <b>Chikako Kishi</b> (Gunma University Graduate School of Medicine, Japan)
P-170	Systemic prednisolone was effective to necrotic lesions of the fingers in a patient with cold agglutinin disease ..... 147 <b>Teruo Yamauchi</b> (Department of Dermatology, Showa University School of Medicine, Japan)
P-171	Gottron's Papules and Gottron's Sign with Ulceration: A Distinctive Cutaneous Feature in A Subset of DM/CADM Patients ..... 148 <b>Hua Cao</b> (Department of Dermatology, Rui Jin Hospital, School of Medicine, Shanghai Jiao Tong University, China)
P-172	All-trans Retinoic Acid Induces CD4+CD25+FOXP3+ Regulatory T Cells by Increasing FOXP3 Demethylation in Systemic Sclerosis CD4+ T cells ..... 148 <b>Rong Xiao</b> (Department of Dermatology, Second Xiangya Hospital, Central South University, China)
P-173	Thalidomide for the Treatment of a Patient With Essential Mixed Cryoglobulinemia ..... 148 <b>Lanqi Wang</b> (Department of Dermatology, Ruijin Hospital, School of Medicine, Shanghai Jiaotong University, China)

**Poster Session 7****Thursday, November 17****7. Cosmetic Dermatology****Poster Room**

P-174	Delayed Immunologic Complications to Injectable Fillers by Unlicensed Practitioners ..... 148 <b>Kui Young Park</b> (Department of Dermatology, Chung Ang University College of Medicine, Korea)
P-175	Long term side effects of soft tissue filler injection ..... 149 <b>Seung-Hee Loh</b> (Department of Dermatology, Kyung Hee University hospital at Gang-dong, Korea)
P-176	Treatment of xanthelasma palpebrarum with a novel 1,927-nm diode laser ..... 149 <b>Won Seon Koh</b> (Department of Dermatology, Hanyang University College of Medicine, Korea)
P-177	The Efficacy and Safety of Cold-induced lipolysis in the Treatment of Pseudogynecomastia ..... 149 <b>Jung Tae Park</b> (Department of Dermatology, Seoul National University Bundang Hospital, Korea)
P-178	A novel nano fractional radiofrequency in the Asian aesthetic medicine ..... 149 <b>Kai Li</b> (Department of Dermatology, Xijing Hospital, Fourth Military Medical University, China)
P-179	The clinical study of anterior hairline in females ..... 150 <b>Weixin Fan</b> (First Affiliated Hospital of Nanjing Medical University, China)
P-181	Evaluation for optimizing the conditions of HA filler reinjection after hyaluronidase injection in a rat model ..... 150 <b>Sul Hee Lee</b> (Department of Dermatology, Soonchunhyang University College of Medicine, Korea)

P-182	Correction and classification: two important factors in the evaluation of cosmetic moisturizing efficacy.....	150
	<b>Wei Hua</b> (Department of Dermatovenereology, West China Hospital, Sichuan University, China)	
P-183	Optical coherence tomography (OCT) can detect the collagen proliferation induced by skin care product in vivo. ....	150
	<b>Tsung-Han Teng</b> (Department of Pathology, St. Martin De Porres Hospital, Taiwan)	
P-185	Ex vivo Magnetic Resonance Imaging of hyaluronic acid dermal fillers difference between monophasic and biphasic fillers .....	151
	<b>Yang Won Lee</b> (Department of Dermatology, Konkuk University, School of Medicine, Korea)	
P-186	755nm Q-switched Alexandrite laser as a treatment for melanonychia .....	151
	<b>Sang Ju Lee</b> (Yonsei Star Skin & Laser Clinic, Korea)	
P-187	Skin tissue engineering for wound healing-acellular porcine dermal matrix compositing stem cell factor (SCF-APDM) .....	151
	<b>Wu Liangcai</b> (The sixth affiliated hospital of SUN Yat-Sen University, China)	
P-188	Dermoscopic features of basal cell carcinoma .....	151
	<b>Feng Xu</b> (Department of dermatology, Huashan Hospital, Fudan University, China)	
P-189	The first case of anaphylaxis after botulinum toxin type A injection .....	152
	<b>Ik Jun Moon</b> (Department of Dermatology, University of Ulsan College of Medicine, Asan Medical Center, Korea)	
P-190	Improvement of Lax Skin using High Pneumatic Pressure Dermal Delivery System (Airjet®).....	152
	<b>Ik Jun Moon</b> (Department of Dermatology, Asan Medical Center, University of Ulsan, College of Medicine, Korea)	
P-191	A novel anti-melanogenesis effect of polydeoxyribonucleotide, a popular wound healing booster .....	152
	<b>Tai Kyung Noh</b> (Asan Medical Center, University of Ulsan College of Medicine, Korea)	
P-192	Evaluating the gravity effect on the facial skin .....	152
	<b>Jeong Hoon Yoon</b> (Amore-Pacific Co. R&D Center, Korea)	
P-193	Clinical evaluations of new body wash “Moisis” on patients with various skin diseases. ....	153
	<b>Maiko Iwai</b> (Saraya Co., Ltd., Japan)	
P-194	Development of mild body wash using a glycolipid type biosurfactants of Sophorolipid (SL).....	153
	<b>Chie Matsubara</b> (Biochemical Laboratory, Saraya Co. Ltd., Japan)	
P-195	Application O-S Skin Flap to Repair the Head Near the Hairline Skin Defect .....	153
	<b>Xuanfeng Tan</b> (Department of Dermatology, The Second Affiliated Hospital of Xi’an Jiaotong University, China)	
P-196	Therapeutic Effect of 595nm Pulsed Dye Laser on Unilateral Nevroid Telangiectasia .....	153
	<b>Si-Yu Wang</b> (Sichuan Academy of Medical Sciences and Sichuan Provincial People’s Hospital, China)	
P-197	Comparison of two series of non-invasive instruments used for the skin physiological properties measurements .....	154
	<b>Wei Hua</b> (Department of Dermatovenereology, West China Hospital, Sichuan University, China)	
P-198	The efficacy and safety of the fractional radiofrequency technique for the treatment of acne scar in Asians: a meta-analysis .....	154
	<b>Ru Dai</b> (Department of Dermatology, West China Hospital, Sichuan University, China)	

**Poster Session 8**

**Thursday, November 17**

**8. Dermatitis and Skin Allergy**

**Poster Room**

P-199	Prevalence of pork allergy in Korea .....	154
	<b>Chun Wook Park</b> (Department of Dermatology, College of Medicine, Hallym University Kangnam Sacred Heart Hospital, Korea)	
P-200	Thalidomide and dexamethasone treatment for multiple myeloma-induced toxic epidermal necrolysis .....	154
	<b>Sewon Hwang</b> (Department of Dermatology, Yeouido St. Mary’s Hospital, College of Medicine, the Catholic University of Korea, Korea)	
P-201	The imbalance of peripheral blood CD4+CD25+ regulatory T cells in patients with atopic dermatitis.....	155
	<b>Cai-Xia Tu</b> (Department of Dermatology, the 2nd Hospital of Dalian Medical University, China)	
P-202	Epicutaneous administration of protease allergen and mechanical skin barrier damage synergistically promote epidermal barrier dysfunction and proinflammatory gene expression toward allergic sensitization in mice .....	155
	<b>Punyada Suchiva</b> (Juntendo University graduate school of medicine, Japan)	
P-203	Clinical variation of hair dye allergy: A single center, retrospective analysis of 105 patients .....	155
	<b>Jun Young Lee</b> (Department of Dermatology, Seoul St. Mary’s Hospital, College of Medicine, The Catholic University of Korea, Korea)	
P-204	Effect of histamine-free diet in adult patients with chronic urticaria .....	155
	<b>Jee Hee Son</b> (Department of Dermatology, College of Medicine, Hallym University Kangnam Sacred Heart Hospital, Korea)	
P-205	Skin inflammation, cytokine profile and gene regulation in GATA-1 knock-out mice following topical application MC903 .....	156
	<b>Yan Zhao</b> (Department of Dermatology, Peking University People’s Hospital, China)	
P-206	Contact dermatitis Induced by Surgical Marking Pen .....	156
	<b>Seung Hwan Oh</b> (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)	
P-207	Multicytokine-producing tissue resident memory (TRM) cells in atopic dermatitis .....	156
	<b>Howard Chu</b> (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)	

P-208	Allergen-loaded microneedle patch may be useful in diagnosis and treatment for allergic diseases .....156 <b>Howard Chu</b> (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
P-209	Clinical features of patients with atopic dermatitis accompanied by psoriasis .....157 <b>Jae Won Lee</b> (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
P-210	In vitro anti-Malassezia activity of Castanea crenata shell extract and its potential for use in shampoos for seborrheic dermatitis patients...157 <b>Yang Won Lee</b> (Department of Dermatology, Konkuk University, School of Medicine, Korea)
P-212	Neutrophilic Eccrine Hidradenitis: the first reported case associated with Eosinophilic Granulomatosis with Polyangiitis .....157 <b>Jung-In Kim</b> (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
P-213	Methylphenidate Induced Livedo Reticularis on Extremities .....157 <b>Sunmin Yim</b> (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
P-214	A Case of Allergic Contact Dermatitis caused by Dental Implant .....158 <b>Jae-Yun Lim</b> (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
P-215	A Case of Penicillamine-induced Dermopathy in Wilson's Disease .....158 <b>Han-Saem Kim</b> (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
P-216	Underrecognized neutrophilic dermatosis in lupus erythematosus: Neutrophilic urticarial dermatosis and Sweet-like neutrophilic dermatosis .....158 <b>Sang Hyung Lee</b> (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
P-217	Multiple fixed drug eruption caused by trimethoprim/sulfamethoxazole in a patient with systemic lupus erythematosus and anti-laminin 5 mucous membranous pemphigoid .....158 <b>Chika Omigawa</b> (Department of Dermatology, Graduate School, Tokyo Medical and Dental University, Japan)
P-218	Aquagenic urticaria diagnosed by water provocation test and histopathologic examination .....159 <b>Jung Eun Seol</b> (Department of Dermatology, Busan Paik Hospital, College of Medicine, Inje University, Korea)
P-219	Specificity and sensitivity of tropomyosin-specific IgE test in diagnosing crustacean allergies in Japan .....159 <b>Onon Tsendorj</b> (Department of Dermatology, Shimane University Faculty of Medicine, Japan)
P-220	A case of immediate-type allergy with the edible silk powder .....159 <b>Takashi Ito</b> (Department of Dermatology, School of Medicine, Faculty of Medicine, Toho University, Japan)
P-221	Activation of toll like receptor 1 and 6 by house dust mite enhances the expression of tight junction protein in epidermal keratinocytes .....159 <b>Yong Hyun Jang</b> (Department of Dermatology, Kyungpook National University School of Medicine, Korea)
P-222	Utility of serum levels of thymus and activation-regulated chemokine as a clinical biomarker in atopic dermatitis. ....160 <b>Koji Masuda</b> (Kyoto Prefectural University of Medicine, Japan)
P-223	Successful Treatment of Jessner's Lymphocytic infiltration of the Skin with Methotrexate .....160 <b>Jeong-Wan Seo</b> (Department of Dermatology, College of Medicine, Dong-A University, Busan, Korea)
P-224	Expression of Metallothionein in Atopic Dermatitis-Like Murine Model .....160 <b>Jin-Zhu Guo</b> (Department of Dermatology, Peking University Third Hospital, China)
P-225	Effect of the house dust mite allergen Derp 1 on tryptase release from human mast cells .....160 <b>Duoqin Wang</b> (Department of Dermatology, Huashan Hospital, Fudan University, China)
P-226	Pseudolymphoma induced by both iodinated contrast media and amiodarone .....161 <b>Hazuki Kageyama</b> (Department of Dermatology, Hamamatsu University School of Medicine, Japan)
P-227	Evaluation of Anti-inflammatory Activities of Qingre-Qushi Recipe (QRQS) Against Atopic Dermatitis: Potential Mechanism of Inhibiting IL-33/ST2 Signal Transduction .....161 <b>Meng-Jiao Chen</b> (Department of Dermatology, ShuGuang Hospital Affiliated to Shanghai University of Chinese Traditional Medicine, China)
P-228	Medication-induced photosensitivity in two cases with hypertension .....161 <b>Shinichiro Koga</b> (Internal Medicine, Tokyo Metropolitan Police Hospital, Japan)
P-229	Basophil CD63 Expression in Chronic Spontaneous Urticaria: Correlation with Allergic Sensitization, Autoreactivity and Basophil Reactivity .....161 <b>Zhiqiang Song</b> (Southwest Hospital, China)
P-230	Mucosal type mast cells degranulation and proliferation is controlled via stress-related mediator, corticotropin releasing hormone .....162 <b>Yukari Mizukami</b> (Department of Dermatology, Osaka City University Graduate School of Medicine, Japan)

**Poster Session 9****Thursday, November 17****9. Fungal Infection****Poster Room**

P-231	The correlation between the overexpression of Cap1, Mrr1, MDR1 gene and the cross-resistant in Candida albicans isolates .....162 <b>Wenli Feng</b> (Department of Dermatovenereology, The Second Hospital of ShanXi Medical University, China)
-------	--

P-232	Subcutaneous hyalohyphomycosis caused by <i>Purpureocillium lilacinum</i> in an immunocompromised patient after kidney transplantation. .... 162 <b>Toshio Demitsu</b> (Department of Dermatology, Jichi Medical University Saitama Medical Center, Japan)
P-233	A case of phaeohyphomycosis on the leg caused by <i>Exophiala oligosperma</i> ..... 162 <b>Masahiro Hayashi</b> (Yamagata University School of Medicine, Department of Dermatology, Japan)
P-234	A case of green foot syndrome treated with topical clindamycin and benzoyl peroxide ..... 163 <b>Young Lip Park</b> (Soonchunhyang University College of Medicine, Korea)
P-235	<i>Trichophyton verrucosum</i> infection in Korea: analysis on 224 patients from 1976 to 2015 ..... 163 <b>Dong Hyuk Eun</b> (Department of Dermatology, Kyungpook National University School of Medicine, Korea)
P-236	Investigating the effects of electric current stimulation of fungal growth ..... 163 <b>Hyun Chung</b> (Department of Dermatology, School of Medicine, Catholic University of Daegu, Korea)
P-237	Cutaneous Sporotrichosis of the Upper Eyelid in an Adult ..... 163 <b>Sang Youl Yun</b> (Department of Dermatology, College of Medicine, Dongguk University Gyeongju Hospital, Korea)
P-238	In Vitro Antifungal Activity of Kampo Medicine against Dermatophytes ..... 164 <b>Xia Da</b> (Department of Dermatology, Shimane University Faculty of Medicine, Japan)
P-239	<i>Micosporum canis</i> infection without a history of animal contact ..... 164 <b>Tatsuya Kogoshi</b> (Department of Dermatology, Yokohama City University, Japan)
P-240	Primary cutaneous aspergillosis in an elderly woman caused by <i>Aspergillus niger</i> ..... 164 <b>Yasushi Ototake</b> (Yokohama City University Medical Center, Japan)
P-241	A case of kerion supervene with craniofacial herpes zoster in an elderly patient ..... 164 <b>Xin Ran</b> (West China Hospital, China)

**Poster Session 10****Thursday, November 17****10. Genetic Disorders****Poster Room**

P-242	Congenital lamellar ichthyosis (Collodion baby) ..... 165 <b>Sang Hyun Cho</b> (The Catholic University of Korea, Korea)
P-243	Identification of two novel frameshift mutations of the ADAR1 gene in two Chinese families with dyschromatosis symmetrica hereditaria ..... 165 <b>Yanfei Zhang</b> (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
P-244	Fabry disease, Literature review ..... 165 <b>Yanfei Zhang</b> (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
P-245	Angiokeratoma is the main clinical manifestation in a man with Fabry disease ..... 165 <b>Yanfei Zhang</b> (Department of Dermatology, The Second Affiliated Hospital, College of Medicine, Xi'an Jiaotong University, China)
P-246	Mild skin lesion of ichthyosis follicularis, alopecia and photophobia syndrome in a female carrier of MBTPS2 mutation ..... 166 <b>Ji Young Choi</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute Yonsei University College of Medicine, Korea)
P-247	A case of facial angiofibromas of tuberous sclerosis treated with 0.2% topical sirolimus ..... 166 <b>June Hyuck Yim</b> (Department of Dermatology, College of Medicine, Kyung Hee University, Korea)
P-248	Congenital ichthyosiform erythroderma with a novel NIPAL4/ichthyin mutation ..... 166 <b>Minori Kusakabe</b> (Department of Dermatology, Hyogo College of Medicine, Japan)
P-249	Diagnostic exome sequencing identified a whole gene deletion of STS in a patient with X-linked ichthyosis ..... 166 <b>Jee Eun Kim</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-250	Diagnostic exome sequencing identified a point mutation of ectodysplasin—A gene in a boy with anhidrotic ectodermal dysplasia ..... 167 <b>Jee Eun Kim</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-251	A case of neurofibromatosis type 1 with partial unilateral lentiginosis showing phylloid pattern ..... 167 <b>Seh Hyun Park</b> (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
P-252	A case of malignant melanoma occurred in an area of palmoplantar keratoderma (Nagashima-type) ..... 167 <b>Tomoko Takahashi</b> (Department of Dermatology, Gifu University, Japan)
P-253	Twelve cases of patients with Dowling-Degos disease in a family ..... 167 <b>XinHong Ge</b> (General Hospital of Ningxia Medical University, China)
P-254	A Case of Nevroid Basal Cell Carcinoma Syndrome ..... 168 <b>Se Jin Oh</b> (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)
P-255	A unique case of Phakomatosis pigmentovascularis IIb with left-sided hemihypertrophy and Becker's nevus ..... 168 <b>Soo-Han Woo</b> (Department of Dermatology, Chonbuk National University Medical School, Korea)

P-256	Six-year-follow-up of a Japanese patient with silent erythropoietic protoporphyria ..... 168 <b>Megumi Mizawa</b> (Department of Dermatology, Graduate School of Medicine and Pharmaceutical Sciences, University of Toyama, Japan)
P-257	A case of disseminated Trichosporon asahii infection due to CARD9 mutation ..... 168 <b>Cheng Quan</b> (Department of Dermatology, Rui Jin Hospital, Medical School of Shanghai Jiao Tong University, China)
P-258	'Hemoptysis' as the first symptom in a female with tuberous sclerosis complex ..... 169 <b>Jinfeng Liao</b> (Sichuan Provincial People's Hospital, China)
P-259	A Mother and Daughter Featured by a Triad of Poikiloderma-Like Lesions, Congenital Glaucoma and Damage of Extremities ..... 169 <b>Xie Heng</b> (Department of Dermatology, West China Hospital, Sichuan University, China)
P-260	Tinea Versicolor-like Epidermodysplasia Verruciformis in a 7-year-old girl: a case report ..... 169 <b>Bin Zhang</b> (Beijing Children's Hospital, Capital Medical University, China)
P-261	Two cases of hyper-IgE syndrome in a Chinese family: a rare mutation in DOCK8 gene ..... 169 <b>Shan Wang</b> (Beijing Children's Hospital, Capital Medical University, China)

**Poster Session 11****Thursday, November 17****11. Metabolic and Endocrine Disorders****Poster Room**

P-262	A case of generalized eruptive xanthoma ..... 170 <b>Sang-Myung Park</b> (1Department of Dermatology, Kyung hee University hospital at Gang-dong, Korea)
P-263	A Case of Eruptive Xanthomas Associated with Hypertriglyceridemia and New-onset Diabetes Mellitus ..... 170 <b>Jin Young Song</b> (Korea University Guro Hospital, Korea)

**Poster Session 12****Thursday, November 17****12. Photo dermatoses****Poster Room**

P-264	Protective effect of curcumin against acute ultraviolet B irradiation induced photo-damage ..... 170 <b>Huaping Li</b> (Guangzhou Institute of Dermatology, China)
P-265	Topical treatment of green tea polyphenols emulsified in carboxymethyl cellulose protects acute ultraviolet light B-induced photodamage in hairless mice ..... 170 <b>Huaping Li</b> (Guangzhou Institute of Dermatology, China)
P-266	Protective effect of Lycium barbarum Polysaccharide against ultraviolet B induced photo-damage in human keratinocyte (HaCaT) cells ..... 171 <b>Huaping Li</b> (Guangzhou Institute of Dermatology, China)
P-267	Five cases of phytophotodermatitis caused by fig leaves and relevant literature review ..... 171 <b>Byung-Soo Kim</b> (Department of Dermatology, School of Medicine, Pusan National University, Korea)
P-268	Unilateral favre-racouchot syndrome with multiple ultraviolet light-induced skin conditions ..... 171 <b>Eun Sun Kwon</b> (Department of Dermatology, Konyang University Hospital, Konyang University College of Medicine, Korea)
P-270	Determination of The Sun Protection Factor and Protection Factor of ultraviolet A of the sunscreen and its application method research ..... 171 <b>Li Fumin</b> (Sichuan Provincial People's Hospital, China)
P-271	Protective effect of Ferulic acid against UVA Irradiation ..... 172 <b>Kyu Joong Ahn</b> (Department of Dermatology, Konkuk University, School of Medicine, Korea)
P-272	The long-term effect of seat position and car types on facial skin status in Korean commuters: a topographic approach ..... 172 <b>Dong Won Lee</b> (Department of Dermatology, College of Medicine, Korea University, Seoul, Korea)
P-273	Role of lncRNA in skin photoaging mechanisms ..... 172 <b>Yue Zheng</b> (The third affiliated hospital of Sun Yat-sen University, China)
P-274	The optimal radiating dose of ultraviolet for establishing two different artificial pigmentation skin models for evaluating the efficacy of skin whitening products ..... 172 <b>Wei Lai</b> (The third affiliated hospital of Sun Yat-sen University, China)

## Poster Session 13

Thursday, November 17

## 13. Pigmentary Disorders

Poster Room

- P-275 Giant Becker's nevus with ipsilateral hyperplasia of the limb .....173  
**Ji Young Choi** (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
- P-276 A case of generalized argyria caused by ingestion of silver containing water as a health care food .....173  
**Jee Eun Kim** (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Korea)
- P-277 Hyperpigmentation and hypopigmentation induced by Home Healthcare Device .....173  
**Chang Min Kim** (Department of Dermatology, Korea University Ansan Hospital, Korea University, Korea)
- P-278 Clinicoepidemiological Features of Melasma in Korean Patients at 5 Tertiary Hospitals: A Cross-sectional, Multicenter Study .....173  
**Young Jae Kim** (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
- P-279 Two histopathological patterns of postinflammatory hyperpigmentation: epidermal and dermal .....174  
**You Chan Kim** (Department of Dermatology, Ajou University School of Medicine, Korea)
- P-280 Unilateral linear and whorled hypermelanosis .....174  
**Min Young Lee** (Department of Dermatology, School of Medicine, Ewha Womans University, Korea)
- P-281 A case of acquired bilateral telangiectatic macules .....174  
**Min Young Lee** (Department of Dermatology, School of Medicine, Ewha Womans University, Korea)
- P-282 Wnt/ $\beta$ -catenin signaling inhibitor ICG-001 enhances pigmentation of cultured melanoma cells .....174  
**Tae-Jin Yoon** (Gyeongsang National University Hospital, Department of Dermatology, Korea)
- P-283 Successful treatment with narrowband UVB phototherapy in prurigo pigmentosa .....175  
**Myeong Hyeon Yang** (Department of Dermatology, Kosin University College of Medicine, Korea)
- P-284 Efficacy of microneedling Plus topical Tranexamic Acid for Melasma: A Randomized, Self-controlled, Split-Face Study .....175  
**Dan Luo** (Department of dermatology, the First Affiliated Hospital of Nanjing Medical University, China)

## Poster Session 14

Thursday, November 17

## 14. Psoriasis

Poster Room

- P-285 Assessment of pruritus according to clinical phenotype in patients with psoriasis .....175  
**Sung-Min Park** (Department of Dermatology, School of Medicine, Pusan National University, Korea)
- P-286 Ten potential SNPs to predict the ineffectiveness of biological therapy for psoriasis patients .....175  
**Rika Nishikawa** (Division of Dermatology, Department of Internal Related, Faculty of Medicine, Kobe University Graduate School of Medicine, Japan)
- P-287 Skin derived IL-1 is a potential driver of systemic inflammation .....176  
**Keiichi Yamanaka** (Department of Dermatology, Mie University, Graduate School of Medicine, Japan)
- P-288 Interferon-inducible protein 16 contributes to psoriasis by modulating CXCL10 and CCL20 production in keratinocytes .....176  
**Tianyu Cao** (Department of Dermatology, Xijing Hospital, The Fourth Military Medical University, China)
- P-289 A case of concurrent Inverse psoriasis and Hailey-Hailey disease induced by infliximab therapy for Crohn's disease .....176  
**Geo Han** (Korea university Guro hospital, Korea)
- P-290 A case of concomitant psoriasis and atopic dermatitis treated with ustekinumab .....176  
**Geo Han** (Korea university Guro hospital, Korea)
- P-291 Upregulated lncRNA-MSX2P1 promotes the progression of IL-22-mediated psoriasis-like cells through inhibition of miR-6731-5p and activation of S100A7 .....177  
**Qiao Meng** (Department of Dermatology, Qilu Hospital of Shandong University, China)
- P-292 Circulating CD3+CD56+ natural killer T cells in psoriasis .....177  
**Xiaoyan Zhang** (China-Japan Friendship Hospital, China)
- P-293 Recent advances in microRNAs and Psoriasis .....177  
**Yuan Zhou** (Dermatology Department, Second Affiliated Hospital, School of Medicine, Zhejiang University, China)
- P-294 Comparison of Guselkumab with Placebo and Adalimumab on Health-Related Quality of Life in a Phase 2b Clinical Trial X-PLORE .....177  
**Ron Vender** (McMaster University, Canada)
- P-295 A "patient-tailored" maintenance dosing study for ustekinumab in moderate-to-severe plaque psoriasis .....178  
**A Blauvelt** (Oregon Medical Research Center, USA)
- P-296 Prevalence of Inflammatory Bowel Disease Among Patients with Psoriasis and Incidence of Serious infections in this Subset: Results from the PSOLAR Registry .....178  
**Edward V Loftus Jr** (Mayo Clinic, USA)

P-297	Serious infections in psoriasis patients with psoriatic arthritis in the psoriasis longitudinal assessment and registry study .....178 <b>C Richtlin</b> (University of Rochester, USA)
P-298	Association between improvement in enthesopathy and quality of life: Results from anti-TNF-naïve patients with psoriatic arthritis in two Phase 3 ustekinumab trials .....178 <b>Iain B. McInnes</b> (University of Glasgow, UK)
P-299	Latent tuberculosis infection in Korean patients with psoriasis .....179 <b>Yong Beom Choe</b> (Department of Dermatology, Konkuk University, School of Medicine, Korea)
P-300	Investigation of genetic susceptibility in Th17 pathway for psoriasis in the Korean population .....179 <b>Yong Beom Choe</b> (Department of Dermatology, Konkuk University, School of Medicine, Korea)
P-301	Comorbidities of palmoplantar pustulosis .....179 <b>Tomoko Hiraiwa</b> (Fukushima Medical University, Japan)
P-302	Association of hepatitis B virus infection in psoriasis .....179 <b>Hyun Yi Suh</b> (Department of Dermatology, National Medical Center, Korea)
P-303	High-fat diet exacerbates psoriatic dermatitis by facilitating IL-17-producing $\gamma\delta$ T cell accumulation in the skin via perivascular adipose tissue activation .....180 <b>Tetsuya Honda</b> (Department of Dermatology, Kyoto University, Japan)
P-304	Multiple lentiginos arising in sites of resolving psoriatic plaques after treatment with ustekinumab .....180 <b>JeongSoo Kim</b> (Department of Dermatology Gachon University Gill Hospital, Korea)
P-305	Systemic abnormalities of psoriatic patients prior to systemic treatment: a retrospective study .....180 <b>ZhiQiang Yin</b> (Dermatology, the First Affiliated Hospital of Nanjing Medical University, China)
P-306	Multicenter, Randomized open label, Parallel-Group, Controlled Study Evaluating the Efficacy and Safety of Calcipotriol/Betamethasone Cream plus Calcipotriol Ointment in the Sequential Treatment of Psoriasis .....180 <b>Chen Yu</b> (Department of Dermatology, Xijing Hospital, Fourth Military Medical University, China)
P-307	Acitretin versus Methotrexate in Severe Plaque Psoriasis .....181 <b>Panpan Liu</b> (Department of Dermatology, Xiang Ya Hospital, Central South University, China)
P-308	Gender differences in quality of life among patients with psoriasis vulgaris in China .....181 <b>Jingang An</b> (Department of Dermatology, the Second affiliated Hospital, School of medicine, Xi'an Jiaotong University, China)
P-309	Is here a gender difference in depression among psoriasis patients in China? .....181 <b>Jingang An</b> (Department of Dermatology, the Second affiliated Hospital, School of medicine, Xi'an Jiaotong University, China)
P-310	A case report of generalized ostrateous psoriasis .....181 <b>Hanghang Jiang</b> (No.1 Hospital of China Medical University, China)
P-311	Decreased expression of IL-27 in moderate-to-severe psoriasis and its anti-inflammation role in imiquimod-Induced psoriasis-like mouse model .....182 <b>Yuling Shi</b> (Department of Dermatology, Shanghai Tenth People's Hospital, Tongji University School of Medicine, China)
P-312	Increased $\beta$ TrCP is Associated with Imiquimod-Induced Psoriasis-Like Skin Inflammation in Mice via NF- $\kappa$ B Signaling Pathway .....182 <b>Ruilian Li</b> (Department of Dermatology, the Second Affiliated Hospital of Xi'an Jiaotong University (Xibei Hospital), China)
P-313	Effectiveness and safety of methotrexate combined with acitretin in the treatment of severe psoriasis vulgaris .....182 <b>Jingang An</b> (Department of Dermatology, the Second affiliated Hospital, School of medicine, Xi'an Jiaotong University, China)
P-314	The clinical research on correlation between psoriasis and Cardiovascular disease .....182 <b>Xiaoyan Zhang</b> (China-Japan Friendship Hospital, China)
P-315	The relationship between $\gamma\delta$ T cells and the pathogenesis of psoriasis vulgaris .....183 <b>Jianfeng Wang</b> (Dermatology and Venereology Department, China-Japan Friendship, China)
P-316	Research in severity assessment of psoriasis vulgaris using dermoscopic images .....183 <b>Xin Yu Zhang</b> (Peking Union Medical College Hospital, China)
P-317	The Act1 D10N Missense Variant Impairs CD40 Signaling in Human B-cells .....183 <b>Ning Yu</b> (Shanghai Skin Disease Hospital, China)

**Poster Session 15****Thursday, November 17****15. Sexually Transmitted Diseases****Poster Room**

P-318	Standardization of diagnosis and treatment of neurosyphilis and the literature review .....183 <b>Wenli Feng</b> (Department of Dermatovenereology, The Second Hospital of ShanXi Medical University, China)
P-319	Clinical characteristics of pruritus in Scabies .....184 <b>Kihyuk Shin</b> (Department of Dermatology, School of Medicine, Pusan National University, Korea)
P-321	Relapsing secondary syphilis of reinfection: a case report .....184 <b>Yang Mei</b> (the second people's hospital of Chengdu, China)

## Poster Session 16

Thursday, November 17

## 16. Therapies

Poster Room

- P-322 Treatment of severe alopecia areata with tofacitinib: a case series ..... 184  
**Hyun-Sun Park** (Department of Dermatology, SMG-SNU Boramae Medical Center, Korea)
- P-323 Vulvar lymphangioma circumscriptum in an adolescent girl ..... 184  
**Min Min** (Department of Dermatology, Second Affiliated Hospital, Zhejiang University School of Medicine, China)
- P-324 Ingenuity of imiquimod treatment for Bowen's disease on the face of the elderly ..... 185  
**Hiroyuki Miura** (Department of Dermatology, Sakai City Medical Center, Japan)
- P-325 Comparative analysis of intraoperative frozen section and permanent section margins in Mohs micrographic surgery; What's the meaning of difference in results? ..... 185  
**Min Young Park** (Department of Dermatology, School of Medicine, Pusan National University, Korea)
- P-326 Oral lichen planus treated with alitretinoin (Alitoc<sup>®</sup>): A case report ..... 185  
**Miri Kim** (Department of Dermatology, Yeouido St. Mary's Hospital, College of Medicine, the Catholic University of Korea, Korea)
- P-327 A case of systemic lupus erythematosus aggravated after use of ustekinumab ..... 185  
**Won Seon Koh** (Department of Dermatology, Hanyang University College of Medicine, Korea)
- P-328 Topical timolol agent for managing infantile hemangiomas: Should it be limited to small lesions? ..... 186

**Geo Han** (Korea university Guro hospital, Korea)
- P-330 New applications of MAL-PDT: Successful treatment of refractory hand eczema and refractory nail dystrophy ..... 186  
**Seung Hyun Chun** (Korea University Ansan Hospital, Korea)
- P-331 Nasal airway clogging recurrent viral warts treated with oral cimetidine in a young male patient ..... 186  
**Seung Hwi Kwon** (Department of Dermatology, Guro Hospital, Korea University College of Medicine, Korea)
- P-332 Intramuscular triamcinolone acetonide: An undervalued option for refractory alopecia areata ..... 187  
**Howard Chu** (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
- P-333 Eruptive Vellus Hair Cysts Successfully Treated by Topical Tretinoin 0.01% Cream ..... 187  
**Ji-Young Jun** (Department of Dermatology, Samsung Medical Center, Sungkyunkwan University School of Medicine, Korea)
- P-334 Topical 0.2% rapamycin for angiofibromas in tuberous sclerosis complex (TSC) ..... 187  
**Jae Won Lee** (Department of Dermatology, Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
- P-335 A Case of Treatment of Median Canaliform Nail Dystrophy with Q Switched NdYAG laser ..... 187  
**Jung Yup Kim** (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
- P-336 A Case of Combination Treatment with Oral Acitretin and Topical 5% Imiquimod Cream in an Immunosuppressive Patient with Wide-spread Verruca Plana ..... 188  
**Jae-Yun Lim** (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
- P-337 A Case of Oral Manifestation of Cutaneous Lupus Erythematosus Treated by Alitretinoin ..... 188  
**Ju-Yeon Choi** (Department of Dermatology, Kangbuk Samsung Hospital, Sungkyunkwan University School of Medicine, Korea)
- P-338 A case of squamous cell carcinoma treated with conventional methyl aminolevulinic acid photodynamic therapy ..... 188  
**Soo-Eun Jung** (Department of Dermatology, Ajou University School of Medicine, Korea)
- P-339 Enhancing tolerability to adapalene 0.1%/benzoyl peroxide 2.5% gel in acne vulgaris patients: A randomized controlled trial of 4 different application regimens ..... 188  
**Akihiko Ikoma** (Galderma, Research and Development, Japan)
- P-340 Gain switched 311-nm Ti:Sapphire laser might be a potential treatment modality for atopic dermatitis ..... 189  
**Sun Young Choi** (Department of Dermatology, Asan Medical Center, University of Ulsan College of Medicine, Korea)
- P-341 Systemic photodynamic therapy with 5-aminolaevulinic acid effectively blocks the development of psoriasis-like lesions and alleviates leukocyte infiltration in K14-vascular endothelial growth factor transgenic mouse ..... 189  
**Li-Wen Zhang** (Department of Dermatovenereology, Chengdu Second People's Hospital, China)
- P-342 The review of evaluating a long pulsed Nd:YAG laser for treating our recalcitrant cases with palmoplantar warts. .... 189  
**Yasushi Suga** (Department of Dermatology, Juntendo University Urayasu Hospital, Japan)
- P-343 Clinical analysis of the therapeutic effect of pigmented nevus by fractional resection ..... 189  
**Dongmei Wu** (Sichuan Provincial People's Hospital, China)
- P-344 Combination therapy of punch graft, negative pressure, and polydeoxyribonucleotide for third-degree burn ..... 190  
**Sang Yub Kim** (Department of Dermatology, Chonnam National University Medical School, Korea)
- P-345 Low-dose retinoic acids in the treatment of familial erythrokrateroderma variabilis ..... 190  
**Li Zhang** (Department of Dermatology, No.1 Hospital of China Medical University, China)

- P-346 Propranolol inhibits inflammatory mediators and angiogenesis via blocking  $\beta$  adrenoceptor in infantile hemangioma mast cells .....190  
**Ying Ye** (Children's Hospital of Fudan University, China)

**Poster Session 17****Thursday, November 17****17. Miscellaneous****Poster Room**

- P-347 Morgellons Disease: a case report .....190  
**Jungyoon Ohn** (Department of Dermatology, Seoul National University College of Medicine, Korea)
- P-348 Linear Acanthosis Nigricans: Koebner Phenomenon Observed in Patients with Acanthosis Nigricans .....191  
**Yuri Woo** (Department of Dermatology, Yeouido St. Mary's Hospital, College of Medicine, the Catholic University of Korea, Korea)
- P-349 Role of T-helper 17 cells and T regulatory cells in alopecia areata:  
Comparison of lesional and serum cytokines between controls and patients .....191  
**Bark-Lynn Lew** (Department of Dermatology, Kyung Hee University hospital at Gang-dong, Korea)
- P-350 A case of lichen sclerosus et atrophicus with atypical presentation .....191  
**Jin Ho Bae** (Soon Chun Hyang University Hospital Seoul, Korea)
- P-351 Dystrophic calcification in the masseter muscle .....191  
**Chang Yoon Sim** (Soon Chun Hyang University Hospital Cheonan, Korea)
- P-352 A case of cutaneous myiasis caused by *Cordylobia anthropophaga* .....192  
**Bj Park** (Department of Dermatology, Hanyang University College of Medicine, Korea)
- P-353 Circumscribed palmar hypokeratosis with skin colored papules .....192  
**Jung Min Lim** (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
- P-354 Lupus erythematosus panniculitis mimicking sporotrichosis .....192  
**Jung Min Lim** (Department of Dermatology, Gangnam Severance Hospital, Cutaneous Biology Research Institute, Yonsei University College of Medicine, Korea)
- P-355 Neonatal lupus erythematosus in China: A retrospective analysis of 132 patients .....192  
**Cong Yu** (Peking University People's Hospital, China)
- P-356 A case of acne keloidalis nuchae developed after curettage in a patient with metabolic syndrome .....193  
**Sul Hee Lee** (Soonchunhyang University College of Medicine, Korea)
- P-357 A case of Synovitis, Acne, Pustulosis, Hyperostosis, and Osteitis (SAPHO) Syndrome in Chinese female .....193  
**Jiong Zhou** (The Second Affiliated Hospital of Zhejiang University School of Medicine, China)
